MOTION: Dr. Simmer moved to approve the amendment to the Regular Part-Time and Temporary Employee Pay Policy. Ms. Normoyle seconded the motion.

Motion carried.

President Swanson called for a motion to approve the amendment to the Sexual Harassment Policy.

MOTION: Dr. Moreno moved to approve the amendment to the Sexual Harassment Policy. Ms. Normoyle seconded the motion.

Motion carried.

President Swanson asked Ms. Ewert if there was anything she would like to bring attention to from the report.

Ms. Ewert stated that there was nothing new to report.

President Swanson called on Ms. Palmer for the Auditor's Reports.

Ms. Palmer stated that the District was half way through the current fiscal year. Everyone is spending within budget. The five-month reserve that is seen on the Fund Balances Report is calculated from the previous fiscal year's total expenses. There is nothing new to report with the cash balances.

President Swanson asked Misters Collins and Verstraete if there was anything they'd like to bring attention to in their reports.

Mr. Verstraete stated that staff has been able to work on projects that are typically done in the fall. Leaf pick up has been completed, and more ash trees were removed.

Mr. Collins stated that the club house has done the annual sale on two rounds. There was an increase in purchases of that deal this year.

President Swanson asked Mr. Mills if there was anything he'd like to bring attention to in his report.

Mr. Mills stated that staff has removed ash trees and hazard trees. There were a couple prescribed burns on the park. Fish and Wildlife came out to inspect potential prairie plantings. Unfortunately, the ground isn't quite ready for the seed yet. Included in this month's report is a

revenue breakdown for each campground. There has been a request for a rowing event at Lake George. Just began to discuss the details of that with the group.

President Swanson stated that it sounded like a good opportunity for partnership with another group in the area.

Ms. Normoyle stated that she had some experience with the group, and they were very professional in their dealings.

Mr. Mills continued stating that RV campers were really excited about the White Oak upgraded electric that was available to them this past summer. There were campers in that had never camped at Loud Thunder before because there was no 50-amp service.

President Swanson asked if Mr. Mills felt that the upgrades to water and electric in the equestrian sites would draw in more revenue from that particular demographic.

Mr. Mills stated that he thought it would bring in more out of town equestrians, but is not likely to draw in many more locals. Regarding the construction of the new full service sites, the work started very slow, and completely stopped at one point. A meeting was called with Valley, and the work has begun again. There is some concern that because of the delay the seeding window will be missed, and those sites will not be available in the coming camping season.

Mr. Craver stated that there is a penalty associated with missing the completion date, so that does provide an incentive to complete the construction in a timely manner. Weather will be a factor.

President Swanson asked Mr. Jackson if there was anything from his report that he wanted to bring attention to.

Mr. Jackson stated that the new Binturong and Eagle Owl exhibits were complete, and the new invertebrate exhibit is about eighty percent complete. There was a colobus monkey born, and three finch foxes. The press releases are forth coming.

President Swanson asked what the name of the new colobus monkey was.

Mr. Jackson stated that the baby colobus was named Kindu.

President Swanson asked Mr. Craver if there was anything from his report that he wanted to bring attention to.

Mr. Craver stated that staff had started training on the new point of sale software. It's going to take some time to get the system up and running, but it should be ready by March first as planned. On April first the rates for the next year for IMRF will be out. The goal is to pay off the ERI as soon as possible. Once the rates are here the numbers can be crunched, and a plan can be put together to hopefully get that paid off in three or four years. That will afford the District some good saving. Trying to look ahead at tax dollars decreasing with the Exelon

agreement. Would have to utilize some of the reserves for that, but will work with the Auditor's Office to come up with the plan. The District has received notice that an employee has contacted a lawyer regarding a workers' compensation case. More details on that as they become available.

President Swanson called for a motion to approve all routine reports for the District.

MOTION: Dr. Simmer moved to approve all routine reports for the District. Dr. Moreno seconded the motion.

Motion carried.

Adjourned the meeting at 8:44 AM.

NIABI ZOO DIRECTOR

Position Profile

Niabi Zoo

Niabi Zoo was founded in 1959 as the McLain's Wild Animal Farm, a family-owned and operated venture. In 1963, the farm and additional land were purchased and donated to the Rock Island County Forest Preserve District (District). The Zoo was renamed "Niabi" meaning "young deer spared by the hunger" in the Osage Indian language.

The mission of Niabi Zoo is to connect the community with the natural world through conservation leadership and engaging educational experiences. The Zoo's mission is realized through animal management programs, education, and conservation efforts.

Niabi Zoo is home to over 330 animals representing more than 140 species around the world. Located just minutes from the heart of the Quad Cities in Coal Valley, Illinois, Niabi Zoo is one of the top attractions in the greater Quad City region. The Zoo is situated on a 40-acre campus with an additional 247 undeveloped acres. Beyond its animal exhibits, guests also enjoy animal encounters, the Express Train and an Endangered Species Carousel.

Niabi Zoo has more than 2,500 member households and 200,000 guests annually, of which 100,000 receive free admission from the purchase of zoo memberships, state mandated free days and in-state educational school trip programs. More than 55% of the Zoo's \$2.7 million operating budget comes from earned and contributed revenue.

The District has a dedicated property tax levy specifically for the Zoo that currently provides \$925,000 toward the Zoo's operations and an additional \$600,000 of contributed revenue through various property tax levies and District revenue sources. The Zoo employs 18 full-time employees and is further supported by 62+ dedicated volunteers who contribute more than 3,450 service hours annually.

Niabi Zoo is the Quad Cities region's largest environmental educator. In 2015, 3,000 people participated in educational programs, including over 2,300 school program participants. In the past year, the Zoo's outreach program traveled to more than 25 schools, presenting live animal programs. As a result, over 5,300 people enjoyed close encounters with Zoo animals.

Niabi Zoo supports international conservation efforts, including participating in SSP breeding programs. Niabi Zoo has been active in working with the Snow Leopard Conservation program, is the only non-AZA facility that is part of the Colobus breeding program and participates in a US Fish & Wildlife Red Wolf breed and release program. Niabi Zoo has a representative on the ZCOG Board and last year, the Zoo's Coins for Conservation program donated over \$26,000 to conservation programs throughout the world.

In the Quad Cities area, the Zoo takes a leadership role in local conservation efforts by participating in the US Fish & Wildlife Ornate Box Turtle breed and release program, which successfully released nine box turtles into their local native habitat. Outside of the Zoo's 40-acre campus, the 247 acres of undeveloped timber is managed as a nature preserve for native flora and fauna. Niabi Zoo also works with Western Illinois University's Zoology program, allowing students to intern and conduct research projects.

Niabi Zoo is not currently an AZA-accredited institution, but aims to reapply for full accreditation once the new public/private partnership governance structure is finalized and in place.

Loud Thunder Report to Committee

January 2020

With the beginning of a new year and the holidays wrapping up staff did not take many days off during this month. We all are back in the routine of working full weeks and getting things done at full strength. The weather during the month of January was a rollercoaster. We experience warmer than normal temperatures early on in the month, then several snow events with extremely cold temps, and finally a few warmer days that melted the majority of the snow off the grounds.

We have repaired and stained all picnic tables that needed attention after last camping season. These tables were worked on during the extremely cold days that we experienced during the month. Staff also completed all necessary maintenance on all vehicles, machines, and equipment during the coldest days. On the days that we had weather more conducive to working outdoors staff continued to fell hazard trees in campgrounds. These trees are being and have been processed into firewood to sell to our campers during the 2020 camping season. Smaller diameter branches that are too small to be utilized for firewood have been chipped to clean up the affected areas where we removed trees, and staff has been grinding the stumps as with the stump grinder I purchased this year.

Valley construction really started to shift into gear since our last meeting. They have been setting our septic runs in our new campground and hauling material in and out of the preserve steadily. It has been encouraging to see them onsite daily making progress. I have been checking in with the onsite foreman on almost a daily basis now. He has informed me that they are coming closer to getting back on schedule. Director Craver and I have shared some of our concerns with the Valley staff and our architects at Strand in regard to our road holding up to all the tandem axle traffic caused by the trucks hauling materials in and out of the preserve. On the morning of 2/4/20, Valley brought in another pipe crew to begin work on the new electric water and sewer sites in the horse corral area as well.

We have received our preliminary drawings for our new cabins on the property and they are looking great. We made a change from a thirty-year asphalt shingle roofs to a metal roofs as this committee recommended in our last meeting. We still have quite a bit of work to preform before the cabins can be set on the preserve, but I am excited by the amount of inquiries we had about them last camping season.

I wish to utilize the Loud Thunder endowment in the amount of \$72,400 to purchase a bridge for the Sac Fox trail, and to acquire fishing/boat docks for our new cabins and a fishing dock below Indian Meadow campground. I have had these items on my five-year outlook for purchases with the endowment funds.

I have noticed a slight increase in patronage during the month of January. We had a few folks come out and ice fish on Lake George during the few days of decent ice on the lake, and several people out walking dogs and hiking trails. The archery program ended on 1/15 and we had a record year for deer harvested on the preserve with a total of 58 deer harvested.

Report to Forest Preserve Committee

Name of Park Illiniwek

For the Month of January 2020

Grounds Maintenance —Staff finished removing trees on the 9th street restoration project. Staff will mow site to eliminate undesirable seedlings that volunteered last season. Part of Earth Day activities Illiniwek will sponsor a tree planting event asking volunteers to help restore this area into bottomland hardwoods by planting around 75 trees. Staff also started working on removing sugar maple trees from within storm damaged areas within the forest at Illiniwek. 2 years ago a large wind event caused significant canopy damage on mature oak trees. The understory trees in these canopy gaps are almost 100% sugar maples. 3 years ago a large crop of oak acorns created thousands of oak seedlings (natural regeneration). By removing the sugar maples in the canopy openings we are creating conditions perfect for the oak seedlings to flourish. The reason for this management choice is due to oak trees offering more diversity than sugar maples. We are not eliminating all sugar maples we are trying to manage tree species populations at desired numbers to increase diversity.

Building Maintenance Projects Performed— General cleaning of the maintenance building.

Equipment repairs and/or projects performed— Staff started on annual/preventative maintenance on commercial mowers at Illiniwek.

Trails/Course/General facility conditions—Trails continue to be in good shape and have been open and used heavily during the month of January. Mainly trail runners and individuals with fat tire bikes have been seen on the trails.

Forest Preserve District

Rock Island County

Members of the Rock Island County Forest Preserve District Executive Committee, please accept this report to the Committee for the month of January 2020.

Notes from the prior Forest Preserve Executive Committee Meeting

Valley Construction informed staff it will begin a second work crew on the Loud Thunder Campground project site. The weather of course slows construction any time of the year but they appear to making significant strides in laying utilities and moving excess soils. Staff have requested an updated construction schedule and should receive an update no later than February 14th. Some noticeable damage to the road within the park is starting to show. Valley Construction and staff acknowledge they are concerned about the road as there is only about 6 inches of frost in the ground and above average temperatures will create a freeze-thaw effect making any usage of the road open to significant damage. To alleviate some traffic on the road the Loud Thunder Ranger noted there are a few locations in proximity to the project site which the contractor could dump some of the excess soils and a small credit could be awarded.

Issues or Items noted on the agenda for the month of December

The monthly claims & Treasurer's Disbursements to be approved for the month are typical in proportionally equivalent to prior years spending for the month. One claim was flagged for sales.

Several transfers of appropriations were done in within the General Fund and these were needed as the implementation of the new point of sale software and the associated hardware costs have started to come due. The total project implementation costs and annual maintenance fees were initially bundled into one GL and are now being dispersed accordingly as invoices come due. The remainder of the transfers are addressing operational expenditures where overages have occurred from the adopted budget. Staff will be reducing spending in these areas to compensate for the reduction in appropriations.

The Financial Certification Statement form brought forth for consideration is for the Recreational Trails Program grant staff will be applying for. Staff are applying for funds to off-set the cost of the Grand Illinois Trail and Support Facility at Illiniwek. The grant is a reimbursable grant and this form should it be adopted by the Commission certifies that funds are available for construction and the District will abide by the stated stipulations and procedures of the grant. Staff is pursuing \$200,000 in funds, the maximum amount allowed, as the total cost of the project is estimated at \$587,508. The total project costs include widening and resurfacing of the existing entrance road at Illiniwek, demolition and construction of a new restroom facility, and a Fixit bike repair station. The restroom and support facility will replace the existing facility which is not ADA compliant nor appropriate in size for current usage of the trail and park users as a whole. While agency approval is not required, the Civil Rights Compliance Statement is available for your consideration and approval. The District

applied last year for funds through this program and its application was rejected due to the lack of a cultural and historic review of the area and its contents. That review has been completed and the addition of the road and trail work have been added as well which will hopefully aid in the grant score. Over matching the funds for the project is a significant plus for the District. Bi-State Regional Authority who is assisting staff with the grant noted there may be some other smaller grants the District may be able to apply for to assist with the District's match.

The annual renewal of the zoo concessionaire agreement is available for your review and consideration. There are no substantial changes from the prior year's agreement. Zoo staff recommend another one-year renewal with the vendor.

An amendment to the Zoo Director Employment Agreement is available for your review and consideration. The proposed amendment will bring the District's current organizational and management structure in-line with the governance/management philosophy President Swanson has implemented during his tenure.

Reports & Facility Usage throughout the District

The Budget Performance Report for FY 20 as of the close of business for January 31, 2020 is enclosed for your use and review. With the facilities closed there was little to no revenue generation in the month of January and but on par with appropriated even with revenues with the General Fund year to date up significantly. This variance is due the first installment of the OSLAD grant. The Zoo Fund's year to date is down from prior year's level as last fiscal year at this time the zoo received approximately \$90,000 in an unexpected bequeath.

The Auditors and Treasurers reports are also available for your review.

The District received a request from the Quad Cities Civil Air Patrol to use Indian Bluff Golf Course and Loud Thunder Forest Preserve for their annual winter operational training exercises. In addition, staff received a letter of request from the Abate of Illinois Blackhawk Chapter for a waiver of the shelter fee at Illiniwek for their Bears for Buddies Ride on May 17th. The Blackhawk Abate Chapter is a not-for-profit motorcycle organization. Staff would recommend approval of their requests.

The current balance and spendable balance for the Loud Thunder Forest Preserve Endowment is enclosed with this report and staff are requesting to withdraw the spendable balance to be used for a trail bridge on the Sac Fox Trail and several fishing docks to be placed strategically around Lake George. Any remaining funds will be used to pour additional concrete pads near the boat launch and boat rental areas to improve access to the existing docks.

Park usage is at its lowest at this time of the year but there are some folks that don't mind the cold and have gotten a brisk hike in or been out in search of an Eagle sighting. Due to brief stretch of

below freezing temperatures Lake George did freeze over and some ice fishing did occur but another year went by without the District hosting an ice fishing event. Also, with the snow there has been some sledding at Illiniwek. The zoo hosted its volunteer appreciation event and has hosted several programs planned.

Staff submitted the U.S. Army Corps of Engineers Real Estate Application and Section 404 permit in order to seek permission to modify the existing Mississippi River boat ramp docks. Upon approval the District will be seeking a Boat Access & Area Development grant from the IL DNR later in the year.

In preparation of the Illinois Public Museum grant staff have had an archeological survey conducted of an area at Niabi Zoo in which funds will be requested for a prairie dog exhibit. The grant does not post until March 1st and is due April 30th.

Implementation of the Vermont Systems Inc. (VSI) software begin in January with two weeks of staff inputting data and setting up the internal workings of the system. At this time the Implementation Consultant says we are in a good spot and will return the last week of February to work on hardware and testing so that the target live date of March 1 can be achieved.

Illiniwek staff have started soliciting sponsorships for the nine-hole disc golf course.

As you will note in staff reports this time of the year the emphasis is heavily on maintenance whether that be equipment or seasonal grounds maintenance. Staff are also looking ahead to facilities opening for the 2020 season and some have started to advertise for seasonal staff.

Zoo Community Advisory Board

The CAB agenda for the month of February has been included in this month's report.

Union

No grievances were received by the District from the Union in the month of January.

Bond Funding Projects

As noted earlier in the report construction of the Loud Thunder Campground project continues. Staff have begun the design process for the cabins and a contractor has been secured for soil borings so the foundations can be designed.

Sir/Ma'am,

I am representing Blackhawk ABATE – a not-for-profit motorcycle organization. I am currently assisting their activities coordinator. It is that time of year for our annual Bears for Buddies Ride. It is scheduled for Sunday, May 17th and is a charity event that benefits the Children's Therapy Center.

First, we would like to request reserving the pavilion at the Illiniwek Park to be used for our end of ride picnic and meeting on May 17, 2020 from 10am to 3pm.

We are scheduled to leave the Rock Island County Courthouse at Noon. Our ride will end at Illiniwek Park pavilion where the stuffed animals and other required items, which are the donation to participate in this event, will be collected by the director from the Children's Therapy Center.

Since this is a charity event, I am writing to request that the fee to rent the pavilion be waived due to the fact that this money can be used to help with the cost of the food and drink that is provided free of charge at the end of the ride. We have reserved the pavilion in previous years for this event and have received an approved waiver in the past. We are hopeful that you will once again grant this waiver.

Your attention to this matter is greatly appreciated. I look forward to hearing from you in the near future regarding this request.

Respectfully,

Molly B. Condon

Dear Kai Swanson,

The Quad City Composite Squadron, Civil Air Patrol, United States Air Force Auxiliary is requesting permission to use the Rock Island County Forest Preserves at Indian Bluff and Loud Thunder for the Purposes of winter operational Training. The primary dates and times we are looking at is 22 February 2020 to 23 February 2020 from 0700 hours on Saturday to 1100 hours on Sunday, the exact time line is weather dependent. The exact date is also weather dependent. So therefore, we are requesting permission to use the two weekends before and after the primary dates for weather reasons.

The training we will be doing is part of the required Air Force training for Civil Air Patrol to help and support Federal, State, County, and local emergency management agencies. The focus of this training will be ground operation to locate lost / missing / injured persons, site security in support of law Enforcement agencies and emergency medical units.

As in past winter operations, NO motorized vehicles, or equipment will be used off normal roadways and authorized parking areas. A detailed schedule will be provided to each park ranger and sheriff's office prior to the training date.

Civil Air Patrol is looking forward to continuing the excellent working relationship with Rock Island County.

Respectfully;
