MOTION: Ms. Normoyle moved to approve the amendment to the Zoo Director Employment Agreement – temporary salary decrease of twenty percent. Dr. Moreno seconded the motion.

Motion carried.

President Swanson stated that the staff has continued to do an amazing job in handling the COVID19 situation.

President Swanson called on Mr. Craver for a discussion on alternative revenue sources.

Mr. Craver apologized as he had his phone on mute during the previous business, and stated that there were some small increases on the stipends in the compensation ordinance. The stipend for the auditor has not been increased for the past twenty years, so that one was increased. There were also smaller increases provided to the Secretary and Treasurer. Will send out specifics on those increases. In regards to the alternative revenue sources, the cash available to the zoo is not sufficient to carry them through to the tax distribution in June. That is why the resolution to loan Niabi money from the Development of Forests and Construction of Improvements Fund was put forth. There is a very strict budget, and staff has taken salary decreases. Even with the loan and tax distributions, it is anticipated that the zoo will run out of cash by the end of the year. At the moment there is nothing available from the state or feds to supplement. Options for alternative revenue sources are limited. Could do Anticipated Tax Notes, though would have to adjust the levies in the fall to try and build a fund balance for Niabi. The tax notes may not be sufficient because there needs to be a surplus due to depleting all the reserves that they have. The District would be looking at a cycle of about four to six years of attempting to put together a surplus budget for Niabi. Another option is to take out a bond, which would come all at once. Money would have to be managed accordingly, and

payment plan established. The bond process would take approximately three months before the funds would be available. There would not be a pre-payoff option for the bonds.

Ms. Normoyle asked for clarification that normally the District goes out for bonds for large capital improvement projects, but this would be solely for operational expenses?

Mr. Craver answered that, yes, this would corporate general obligation bonds that could be used for any need throughout the District.

Ms. Palmer stated that a few things that had already been discussed with Mr. Craver were that going out for bonds would affect the credit rating of both the District and the County. Many Counties are shying away from this option because of the long term affects it would have on the entity. Also, with the bonds, if you have money and want to save on interest and pay it off early, there are penalties the District would have to pay. If the District were to receive money in the future from the state or feds, the District would not be able to use it to pay on the bonds. However, with the tax anticipation notes/warrants, the District would be able to put the money toward paying back that money without penalty. These are all things that I brought up with Mr. Craver via email earlier this week to keep in mind when making these difficult decisions.

President Swanson stated that this was not something that needed to be decided on right now, but Mr. Craver is very proactive and prudent in giving us this information. That gives the Committee time to consider all the options and how it might affect future boards as we have seen firsthand. These will not be easy decisions, and I appreciate that Mr. Craver and the other leadership of the District are presenting options early so the Committee has time to give full consideration to these decisions.

Mr. Craver stated that the bonds would definitely limit options in the future more so than the tax anticipation notes/warrants. There would likely be a couple months of preparation for the notes.

Mr. Cremeens asked, to verify, that the District had not yet made any commitments regarding the cabins.

Mr. Craver confirmed that the cabins were currently on hold.

President Swanson asked Ms. Ewert if there was anything she would like to bring attention to from the report.

Ms. Ewert stated that staff was still trying to balance out April. There are a couple hiccups with the new system importing to New World, but that is getting close to balancing. The Tax Anticipation Notes/Warrants would indeed take around two months before money would be available. Interest rates have dropped significantly.

There was a brief discussion on the issues with the import files from the new POS system.

President Swanson called on Ms. Palmer for the Auditor's Reports.

Ms. Palmer stated that the general fund was only under the five month reserve by a small amount, and that fund will only need to dip into that reserve for two months until the June tax distribution. General Fund will likely be ok for the next six months, and possibly a bit longer. Cash is down from this time last year, which is not surprising given the situation. Niabi is definitely in need of funds to make it through until it can reopen and start bringing in the normal amount of revenue. In regards to getting money from the feds, many counties have been in contact in an attempt to make visible the issues that many county and districts are facing in the COVID-19 situation. There are some programs for relief of costs directly related to dealing with COVID, but the District may not qualify for those funds.

President Swanson asked Mr. Collins if there was anything to bring attention to in the Indian Bluff reports.

Mr. Collins stated that the golf course was able to open to very tightly restricted play. Only two people to a group, and the amount of groups that are able to be on the course at a time is limited. The maximum amount of plays that can go through the course in a day is eight-four. That being said, there are still people coming out and golfing, and we are having people pre-pay online to minimize the contact that everyone is having with each other. Most June outings have rescheduled to later this year.

President Swanson asked Mr. Petersen if there was anything he'd like to bring attention to in his report.

Mr. Petersen stated that Illiniwek staff has been working on maintaining the grounds and invasive species removal. Illiniwek has received two grants for pollinator prairie plantings.

President Swanson asked if there were many people taking advantage of the trails at Illiniwek.

Mr. Petersen stated that there were.

President Swanson asked Mr. Mills if there was anything he'd like to bring attention to in his report.

Mr. Mills stated that work at Loud Thunder has been similar to Illiniwek. There are lots of people coming out to use the lake and the trails. The new campground project is on schedule. There is a group wanting to have a hiking event in September at Loud Thunder.

President Swanson asked Mr. Jackson if there was anything he'd like to bring attention to in his report.

Mr. Jackson stated that there wasn't much to add to the report. Have been in talks with the Society, and they have agreed to give Niabi about \$20,000.00 for food for the animals over the next few months. Will be continuing discussion with them going forward since that is a significant part of Niabi's budget. Staff has developed some subscription education services to bring in revenue during this time, and there has been interest in those services.

President Swanson asked Mr. Craver if there was anything from his report that he wanted to bring attention to.

Mr. Craver stated that staff has been doing an excellent job in handling this situation. Starting today, staff has been moving around to other facilities to help alleviate seasonal labor. Luckily, Illiniwek was not hit as hard by the flood as it was last year. There has been a bit of storm damage. Trying to keep costs down as much as possible. Staff is keeping on top of the Restore Illinois plan and seeing what adjustments will need to be made in order to open as soon as guidelines allow.

President Swanson stated that before opening up to questions for Mr. Craver, would like to congratulate him on his recent appointment to the Illinois Park and Recreation Association's Forest Preserve and Conservation Districts Task Force.

The Committee congratulated Mr. Craver. There were no questions from the Committee.

President Swanson called for a motion to approve all routine reports for the District.

MOTION: Mr. Maranda moved to approve all routine reports for the District. Ms. Normoyle and Mr. Cremeens seconded the motion.

Motion carried.

Adjourned the meeting at 4:39 PM.

May at the golf course was dominated by the restrictions in place due to the spread of Covid-19. The golf course was allowed to open on May 1st, walking only unless limitations did not allow you to walk the golf course. Other restrictions allowed only groups of 2 and tee time spacing 15 minutes apart. This only allowed 8 players per hour, and at most 88 players per day. It only allowed for 80 players the time needed to play 18 holes. The clubhouse was to remain closed as well, except for restrooms. The weather was not overly cooperative as much of the month felt like mid-April with cool temperatures.

Taking into consideration the severe restrictions placed on golf, along with the cool weather I am very happy with the sales numbers for May. I anticipated they would be about 30% less. The final weekend of May we were allowed to let groups of four play, and people could take carts. That was a huge boost to business to end the month. The final three days of the month we very-very busy.

Concession sales were very low as we were allowed only limited concessions and they had to be taken to go. We are currently allowed a few more items for sale, but food and beverage must be taken to go. Customers are now allowed to sit on the deck with proper social distancing. We are currently working to get the outside concession stand open for June, as with the to go orders, we believe the concession is set up perfect for sales, at least on the weekends.

Under the current restrictions, we are not able to have golf outings, and we are unable to accommodate league play. Indian Bluff has more leagues than the other golf courses, and we simply do not have enough golf carts to accommodate play under the current restrictions. I am hoping that restrictions may be furthered eased in July to at least allow some league play, as I have a few leagues that have indicated a willingness to play a shortened league schedule starting in July if allowed. I am not overly optimistic

about golf outings, as moving to phase four will only allow groups of less than 50 people to gather. Most of the outings in the second half of the season remain in a wait and see mindset. Maybe we can get lucky and allow outings later in the season.

With the current golf restrictions in place I am currently working a little more in an attempt to keep labor costs down. I will be starting more staff in June, as the current set of rules and more play will require more help, especially with golf carts. We are currently sanitizing/disinfecting golf carts after each use. We are using a general cleaning/peroxide solution approved for killing coronavirus to spray on the golf carts at the end of each round. We are using the same solution to clean the common touch areas in the clubhouse every chance we get.

The good news out of all of this is, we seem to be seeing new faces and younger people playing golf this season. Through the month of May, we did not see as many of our regular players, and saw a lot more people under 40 coming out to play. This is good news for the golf industry as we need to see younger people out playing the game. The month of June promises to be better than the month of May, as we are under less restrictions. I am hoping to see the same enthusiasm for golf as I saw last weekend.

Loud Thunder

Report to Committee

May 2020

During the month of May we experienced much drier conditions than we have the last few years. Staff was able to work off the roads and accomplish many tasks that got put on the back burner due to the Covid19 pandemic. One of the major aesthetic improvements was grading out many areas where we had dead grass and reestablishing new healthy grass. Staff also removed a hazard tree that had fallen into the parking lot at the boat rental.

We managed to get the campgrounds up and running in a very short amount of time when the camping/boat rental restrictions were lifted. Grass has been growing relentlessly, and we have been experiencing large amounts of trash on the grounds as we have been completely inundated with people who are patronizing our park during the pandemic. Staff has been doing a great job of mowing, cleaning and opening Loud Thunder facilities this summer.

Recently, staff has began construction of the new bridge on the Sac Fox Trail south on the camp office. This bridge will take a few weeks to complete, but will last for years to come as it has an aluminum frame and is built to withstand the weight of several horses with riders and maintenance equipment. I will be updating you moving forward as this project progresses.

Lake George has been extremely busy this spring. We decided to open Lake George early and the response has been non-stop usage. On the weekends one can hardly park at the public boat ramp as there are so many folks utilizing that area. Patrons are also utilizing all of the other access points that we have to offer them at this time. I have received several fishing reports indicating that the fishing was slower than it was at this time last year, I am attributing a lot of that to the colder water temps. I had intended to bring David Wyffles IDNR Fisheries to present to the full board last month, but with all that is going on currently I will have to put that off until a later date.

Lake George boat rental did extremely well last weekend and we received a lot of good feedback in regard to our opening. Staff is disinfecting each boat, life vest, and paddle along with all surfaces patrons may come into contact with while renting from us. I also received a grant award from IPARKS for \$500 to purchase life vests for the boat rental. This will go a long way with funds being what they currently are in the district.

Valley construction is now at the point of completion that they are seeding the campground improvement projects. Finish grading was completed on the majority of the project last Saturday 5/30. If weather cooperates I am confident that all finish grading and seeding will be complete by the latter part of next week. There are some issues to resolve with the main road leading to the new camping area and Mr. Craver and I are working with Valley to resolve them. We are still waiting for our new

picnic tables and burn rings to arrive and will be building and placing them as soon as they arrive. I will continue to update you as this project progresses.

The Highway Construction Career Training Program has just received the clearance to start class back up. Loud Thunder has several improvement projects that they will be working on in the future with HCCTP, but this class will be pouring an ADA compliant sidewalk to our accessible fishing dock/ kayak launch. I am really looking forward to the completion of this project as it will immediately begin to serve our community!

Report to Forest Preserve Committee

Name of Park Illiniwek

For the Month of May 2020

Grounds Maintenance—Staff has been coming in intermittently to help with mowing. Staff fixed the gravel road at Dorrance that takes you to a parking area on top of the hill above diamonds 1 and 2. This road was regraded and more gravel put down last year. The new grade concentrated water to one side of road and was creating deep ruts. Reverse grade structures were built to divert water off the road and into the grass. Landscaped areas around camp office and at campground entrance sign were cleaned and planted with a few annual plants to help beautify those areas of high use with high visibility. Fire rings were cleaned and repaired if necessary.

Building Maintenance Projects Performed— The week of May 25th staff prepared the campground for opening on Friday May 29th. Water was turned on, shower buildings were cleaned, public restroom was cleaned, electricity was turned on to all RV sites. Staff fixed plumbing issues in shower buildings such as leaking plumbing and mixing valves that needed replaced. General cleaning of the maintenance building. Staff moved dumpsters and port-o-potties into location to prepare for camping season.

Equipment repairs and/or projects performed— Preventative maintenance on all mowers and general mower cleaning.

Trails/Course/General facility conditions—Trails continue to be in good shape and have been open most of May due to good weather conditions. FORC trimmed branches along both Illiniwek and Dorrance trail system and weeded sections where vegetation was growing over trails. Trails continue to get a considerable amount of use. Staff mowed the GRT up to the county line just south of Albany, IL.

Vandalism report- No vandalism

Incidents— No incidents

Accidents reports—No accidents

Weather conditions— Mild - average

Activities/Events/Outings held at park— No activities/events/outings at Illiniwek or Dorrance.

Items to be bid by Purchasing— No items to be bid.

Upcoming Activities – All events and educational outreaches/visits continue to be cancelled.

Misc. – Full time staff returned to work full time work the week of May 18th. Seasonal office attendants started work on May 29th due to the campground opening. Illiniwek Campground was extremely busy the first weekend. The campground was full except for a few RV and primitive sites. The picnic sites were full with people fishing. The new registration software, for the most part, is working well. There are a few glitches that need some attention but staff is learning the new program with little problem. Members from the Audubon Society came to Illiniwek to do a bird count and identified 87 species of birds over a few days. Staff planted rare prairie plant species plugs in existing prairie plots to increase plant diversity. Hampton fire department conducted a training exercise at Illiniwek. They practiced drafting out of the river and while doing so they washed off and cleaned the entire boat ramp parking lot.

Forest Preserve District

Rock Island County

Our mission: is to maintain and acquire lands with the intent to restore and conserve such lands for the purpose of preservation, education, and recreation for its residents with fiscal responsibility.

Members of the Rock Island County Forest Preserve District Executive Committee, please accept this report to the Committee for the month of May 2020.

Notes from the prior Forest Preserve Executive Committee Meeting

Since the last meeting the campgrounds were able to open and additional modifications to the operational guidelines for golf courses were implemented. Niabi Zoo continues to be closed and will not be able to open until our region moves into phase 4 of the Restore Illinois plan. The earliest date that could happen is June 26th. At this time there are no specific guidelines from either the Illinois Department of Commerce and Economic Opportunity or Public Health. Staff have a fluid tentative operational opening plan to ensure the safety of patrons and staff that will be adjusted accordingly as specific guidelines present themselves.

Issues or Items noted on the agenda for the month of May

District Finances

The monthly claims & Treasurer's Disbursements for the month are included in the packet are down slightly from their typical averages as staff have held back on operational expenses which would typically be needed at this time of the year. The bond payments in the Treasurer's Disbursements were made prior to their June 1 due date. There were two claims flagged for missing receipts which staff are in the process of rectifying. The District's fiscal year comes to an end June 30th.

A few Transfers of Appropriations were needed in the General Fund and Liability Fund.

No financial resolutions for the month.

Other Business

Discussion of alternative funding for Niabi Zoo.

Reports

The budget performance report for the month ending of May is enclosed. The effects of the COVID-19 shutdown is now really beginning to become apparent especially in golf and zoo revenues. Last year was one of the worst months due to weather most of us could ever recall but this year's situation obviously surpassed that in terms of revenue generation. Staff have attempted to close the gap between expenditures and revenues with halting or eliminating expenditures and seasonal staff, utilizing park staff at the golf

course in lieu of seasonal staff, and salary reductions were put in place for exempt employees. The General Fund is expected to have a fiscal year deficit of \$100,000 or less and the Niabi Zoo Fund's deficit will be +/- \$750,000.

The current COVID-19 crisis will continue to have ramifications on these two funds into the upcoming fiscal year beginning July 1. Golf leagues and outings, where the golf course generates a significant amount of its rounds and earned revenue, are now beginning to cancel. Niabi Zoo attendance and programming will continue to be impacted as there will most likely be limitations put into effect because of COVID-19 concerns and phase 4 of the Restore Illinois plan has limitations on the assembly of people set at 50 or less. This is lost revenue that can't be made up and reserves are diminishing.

The Niabi Zoo Fund's estimated fiscal year 20 deficit will bring the estimated fund balance as of June 30, 2020 down to approximately \$350,000 or 10% of its appropriated budget. The loss of fund balance will create cash flow issues throughout fiscal year 21 unless a significant alternative revenue source is secured to bridge the gap until committed revenues can be collected and earned revenues can be generated to surplus levels.

Last month the board approved a loan to the Niabi Zoo Fund from the DFCI Fund that will most likely not be able to be paid off until the Niabi Zoo Fund generates several years' worth of fiscal year surpluses through its available revenue streams, most of which at this time is earned revenue, so it will take time.

Review of the upcoming fiscal year 21 budget for both the General Fund and Niabi Zoo Fund has begun with staff identifying funds that can be eliminated to bring expenditures inline with projected revenues. The General Fund should be able to significantly close the gap through eliminating some seasonal labor, capital expenditures and some minor operating expenses. The Niabi Zoo Fund's operating expenses however are significantly larger and its gap between committed revenues and operating expenses is proportionally greater due bond payments, utilities, labor, and critical operating expenses needed for animal care. Even if all staff other than those that maintain the animal collection were eliminated the Niabi Zoo Fund would still have a projected fiscal year deficit.

Facility Usage throughout the District

May was fairly typical as there days of scattered showers and days of sunshine, and days with just overcast skies. With the corona virus lockdown in effect the parks saw an

influx of visitors on the weekends and a steady flow throughout the middle of the week using the trails and Lake George. The playgrounds and shelters were closed and still are based on the Restore Illinois plan guidelines. Woodland wildflowers and bush honeysuckle came into bloom adding color and wonderful smells of spring to the air. The golf course had enthusiastic players eager to get back to playing after they were teased with days of play in March and then having to take the month of April off before resuming play in May.

Summer officially begins June 20th so there is still plenty to take in as the warm season grasses and prairies will be actively growing and several species will be in bloom providing a visual delight if you should happen to make a visit.

Staff will be working a prairie project in which they received grant funds for at Dorrance. A new trail bridge will be installed at Loud Thunder with funds from the Loud Thunder Endowment. Golf course will continue to be maintained for daily play and the zoo will continue to put forth efforts to open June 26th. The Black Hawk College HCCTP students will be back hopefully in the next month working on smaller projects at the parks identified by staff.

Zoo & Community Advisory Board

The CAB is scheduled to meet on June 15th via teleconference, a tentative agenda is enclosed. It has been reported that the Zoo Foundation application continues to move forward through the State and Federal processes. As noted many times, the CAB and Foundation are in need of community members wanting to further promote the zoo's mission and educational experience.

There has been no movement on an agreement with the Village of Coal Valley pertaining to the municipal water supply project, however the Village Administrator informed the District of their intent to seek funds through the Rebuild Illinois program for the construction of new water lines.

Scarlet Behrens, Guest Services Manager, secured a \$25,000 grant from the Scott County Regional Authority. Ms. Behrens and Joel Vanderbush, Curator of Conservation & Education, continue to push outside the norm of their respected positions with innovated ways to engage the community and develop revenue streams for the zoo.

Union

No grievances were filed by the union for the month of May.

The Loud Thunder campground improvements are nearly complete. As of this writing final grading and seeding are taking place. The proposed cabin projects have been put on hold for the time being.

Items of note for the Current Month

- With the close of FY 20 there will be several transfers needed but at this time there does not appear to be a need to appropriate any additional resources.
- FY 21 budget review and adjustments due to COVID-19 and other changes in operational needs since the time of approval. Adjustments to the District's capital improvement plans will be needed and revising five-year budget outlooks.
- Annual inventory checks with auditors.
- Mindfire and staff will begin increased social media pushes now that campgrounds, boat rental and golf are operating.
- Continue implementing the new software and procedures associated with its use and maximizing its capabilities.
- Continue preparations for Boat Area & Access Development grant at Loud Thunder.
- No update to pending worker's compensation case.
- Review property for sale near Indian Bluff Golf Course.
- Staff meetings and site inspections.
- Mid-year review of employee evaluations.
- Budget preparations for FY 22.
- Preparations for the July 4th Holiday.
- IPARKS grant of \$500 was received which will be used to buy PFD's and safety equipment for the boat rental.
- The first of 2020 property tax distributions is expected the week of June 22.
- Next meeting of the Forest Preserve Executive Committee is July 14th at 3:30 PM, Forest Preserve District Office –Loud Thunder Forest Preserve.
- Continue to reviewing best practice policies and procedures as recommended by the Illinois Distinguished Agency Accreditation program.
- Long-time Rock Island County Forest Preserve Commission President, Ted E. Davies, passed recently. Ted selflessly served his county and the community throughout his 100 years of life. His service, stories and humor will be missed.
- Warm & Dry weather hopefully!
