<b>TOTAL NO</b>	<b>0</b>

Motion carried.

President Swanson called for a motion to approve the improvements to the camel yard and building at Niabi Zoo up to an amount of \$50,000.00.

**MOTION:** Mr. Maranda moved to approve the improvements to the camel yard and building at Niabi Zoo up to an amount of \$50,000.00. Ms. Normoyle seconded the motion.

President Swanson stated that it looks like Niabi will be able to convert the camel yard and building with relatively little expense to bring in a new animal to the collection. Niabi is receiving the Rhino from a zoo that is decreasing their collection due to financial reasons. With the collection at Niabi being a bit static over the years, and older animals passing, this addition should not affect the Niabi budget to a great extent.

**MOTION:** Mr. Maranda moved to adopt the previous roll call. Dr. Moreno seconded the motion.

Motion carried.

No request for public comment was submitted.

President Swanson asked Ms. Palmer if there was anything from the Auditor's reports that she would like to bring attention to.

**MOTION:** Ms. Normoyle moved to adopt the previous roll call. Mr. Maranda seconded the motion.

## EXHIBIT “A”

### NIABI ZOO DIRECTOR

#### Position Profile

#### Niabi Zoo

Niabi Zoo was founded in 1959 as the McLain's Wild Animal Farm, a family-owned and operated venture. In 1963, the farm and additional land were purchased and donated to the Rock Island County Forest Preserve District (District). The Zoo was renamed "Niabi" meaning "young deer spared by the hunger" in the Osage Indian language.

The mission of Niabi Zoo is to connect the community with the natural world through conservation leadership and engaging educational experiences. The Zoo's mission is realized through animal management programs, education, and conservation efforts.

Niabi Zoo is home to over 330 animals representing more than 140 species around the world. Located just minutes from the heart of the Quad Cities in Coal Valley, Illinois, Niabi Zoo is one of the top attractions in the greater Quad City region. The Zoo is situated on a 40-acre campus with an additional 247 undeveloped acres. Beyond its animal exhibits, guests also enjoy animal encounters, the Express Train and an Endangered Species Carousel.

Niabi Zoo has more than 2,500 member households and 200,000 guests annually, of which 100,000 receive free admission from the purchase of zoo memberships, state mandated free days and in-state educational school trip programs. More than 55% of the Zoo's \$2.7 million operating budget comes from earned and contributed revenue.

The District has a dedicated property tax levy specifically for the Zoo that currently provides \$925,000 toward the Zoo's operations and an additional \$600,000 of contributed revenue through various property tax levies and District revenue sources. The Zoo employs 18 full-time employees and is further supported by 62+ dedicated volunteers who contribute more than 3,450 service hours annually.

Niabi Zoo is the Quad Cities region's largest environmental educator. In 2015, 3,000 people participated in educational programs, including over 2,300 school program participants. In the past year, the Zoo's outreach program traveled to more than 25 schools, presenting live animal programs. As a result, over 5,300 people enjoyed close encounters with Zoo animals.

Niabi Zoo supports international conservation efforts, including participating in SSP breeding programs. Niabi Zoo has been active in working with the Snow Leopard Conservation program, is the only non-AZA facility that is part of the Colobus breeding program and participates in a US Fish & Wildlife Red Wolf breed and release program. Niabi Zoo has a representative on the ZCOG Board and last year, the Zoo's Coins for Conservation program donated over \$26,000 to conservation programs throughout the world.

In the Quad Cities area, the Zoo takes a leadership role in local conservation efforts by participating in the US Fish & Wildlife Ornate Box Turtle breed and release program, which successfully released nine box turtles into their local native habitat. Outside of the Zoo's 40-acre campus, the 247 acres of undeveloped timber is managed as a nature preserve for native flora and fauna. Niabi Zoo also works with Western Illinois University's Zoology program, allowing students to intern and conduct research projects.

Niabi Zoo is not currently an AZA-accredited institution, but aims to reapply for full accreditation once the new public/private partnership governance structure is finalized and in place.

The month of November was one of the best Novembers we have ever had. A record number of days in the 70s kept the golf course busy on many days. We had several rain/cold weather days mixed into the month as well, but that is typical in November. Late in the month Illinois was put under tier 3 mitigations for Covid-19, this had only a small effect on the golf course. By the time the mitigations came into effect, most of our concession stock had been depleted, and we were left with only prepackaged food and drinks. We were able to allow players to eat and drink out on the deck.

Overall there is not much to say about the month. Most days we were open and remaining staff worked to keep up with the demand on a day to day basis. Numbers were up several hundred percent from previous Novembers. Proshop revenue is lower than might be expected, as stock of golf balls, gloves, and tees, is depleted. The late season combined with lengthy delays in shipping due to covid, made re-stocking not possible. The exception to increased revenue was season pass revenue as we are holding off till spring on season passes. Even considering that, revenue was up significantly for the month.

Moving towards December the golf course remains open for the season for a little bit more time, although the weather at this point is less than ideal. Frost delays are beginning to push till noon or after. We are holding out for a couple more maybe warmer days. We will be selling our annual holiday special gift certificates till mid-December this year as well. Once the golf course closes I plan on taking vacation time for much of the month.

## Report to Forest Preserve Committee

Name of Park Illiniwek

For the Month of November 2020

**Grounds Maintenance** —Staff mowed the campground one last time to mulch the leaves on pads so they do not create a mulch layer and kill the grass. Staff planted 50 trees throughout Illiniwek but mainly in the campground to replace trees that are being removed due to safety hazard or were blow down in the derecho. Staff finished installing the drain boxes and drainage tile on diamond 2 at Dorrance. 200' of tile was trenched in. Landscape fabric was put down in the trench first then the tile and surrounded by pea gravel to enhance drainage into tile in the problematic areas where water was ponding on the field. Staff conducted a prescribed burn in the prairie west of the Illiniwek pavilion. This prairie was negatively impacted by last year's flood killing most of the plot. The fire was used to prep the plot to replant. The F&WS has shown some interest in helping with replanting this plot through a seed donation.

**Building Maintenance Projects Performed**— Staff shut the water off in the campground. Used an air compressor to blow water from the main line and water spigots on pads. Staff winterized the shower buildings and public restroom at Illiniwek and Dorrance by filling drains and toilets with winter rv antifreeze and draining all water from the water lines in shower building leading to toilets, sinks, and urinals. Staff also began repairing broken water lines on pads. Staff finished 2 water lines before noticing the 3<sup>rd</sup> line was significantly block from hard water deposits. A plumber will need to scope the line to determine actions needed.

**Equipment repairs and/or projects performed**— No equipment maintenance for November.

**Trails/Course/General facility conditions**— Trails continue to be in good condition

**Vandalism report**- No vandalism

**Incidents**— No incidents

**Accidents reports**— No accidents

**Weather conditions**— Normal

**Activities/Events/Outings held at park**— LL&W helped plant 3 acres of prairie seed at Illiniwek by hand broadcasting the seed. Social distancing practices were followed. This seed was a donation from the F&WS's local area conservation fund.

**Items to be bid by Purchasing**— No items to be bid.

**Upcoming Activities** – All educational outreaches/visits continue to be cancelled.

**Misc.** – Smith painting is updating their estimate on painting the north shower building. This project will not be done until spring due to weather conditions.

Ross Smith has moved on. He accepted a position with the State of Illinois park system as an assistant site superintendant. I wish him good luck. Ross was very valuable and extremely helpful when applying for grants, organizing events, and conducting educational activities at Illiniwek and Dorrance.

## Report to Forest Preserve Committee

Name of Park Loud Thunder

For the Month of November 2020

With the 2020 camping season wrapping up at the end of November I and staff took a lot of vacation during the month. We were still able to accomplish a lot of work and I look forward to the holidays wrapping up so that I can get back to a full staff, and working around the preserve.

**Grounds Maintenance performed--** Picked up trash on grounds, cleaned burn rings, burned 35 acres in preparation for prairie plantings this winter, removed old burn rings at horse corral day use area, removed all old hitching posts and signs that are no longer correct, staff removed all wooden picnic tables from the grounds and stowed them in the shelters for the winter, pruned several trees, cleared trails and removed old leaking tank from Riverview campground.

**Building Maintenance projects performed--** HCCTP crew replaced fascia on the Horse Corral shelter and Deer Haven shelter. I had a new heater installed in the middle bay of the maintenance shop as the last one failed after 27 years of use.

**Equipment repairs and/or project performed--** Performed pre and post operation checks daily on equipment to be used. Cycled the batteries on the chargers at the boat rental to elongate their life. Drained and winterized all sprayers and pumps.

**Trails/Course/General facility conditions--** The park as a whole is looking great. The preserve received very little precipitation during the month of November. Patronage has been picking up again as the COVID restrictions are becoming more stringent. As I stated earlier I have had staff out clearing trails so they are currently in great shape.

**Vandalism report--** I have no vandalism to report for the month of November 2020.

**Incidents--** I have no incidents to report for the month of November 2020.

**Accidents reports--** I have no accidents to report for the month of November 2020.

**Weather conditions--** We had a few high wind events and some rainy days, but as a whole we had good weather to get things done here at the preserve.

**Activities/Events/Outings held at park--** The Loud Thunder Archery Program is the only program currently running on the park and 38 deer have been harvested to date.

I have completed the new interactive maps with the help of Bi-State and am currently working with Rectrac to get them up on our website. These new maps will be very helpful to our patrons as they make camping reservations in the future.

## Rock Island County

*Our mission: is to maintain and acquire lands with the intent to restore and conserve such lands for the purpose of preservation, education, and recreation for its residents with fiscal responsibility.*

Members of the Rock Island County Forest Preserve District Executive Committee, please accept this report to the Committee for the month of November 2020.

### **Notes from the prior Forest Preserve Executive Committee Meeting**

The abatement ordinances approved in November by the Commission were submitted and filed to the County Clerk's Office. The District's Truth in Taxation and 2020 Levy Ordinances were

### **Issues or Items noted on the agenda for the month of December**

Claims & Treasurer's Disbursements to be approved for the month are typical in nature and bond payments due December 1<sup>st</sup> were made in a timely manner. The final debt certificate payment for improvements at Indian Bluff Golf Course was made now retiring that series. The significant number of outgoing funds in the Treasurer's Disbursements is due to the bond and debt certificate payments for the District. There were a couple of flagged claims missing receipts submitted which are in the process of being rectified.

One transfers of appropriation was needed in the Niabi Zoo Fund to account for exhibit improvements in order to accommodate the shift in the animal collection due to the zoo pursuing the acquisition of rhinos.

### **Resolution**

The resolution regarding the designation of banks or other depositories in which the funds and public monies in the custody of the County Treasurer and monies received by the office in the collection of taxes may be kept is available for your review and consideration. This is an annual resolution submitted to the District by the County Treasurer's Office.

### **Other Business**

Requesting to name the Director, Jeffrey Craver, as the 2021 FOIA Officer for District. In addition to being named the FOIA Officer and performing the annual training required the District's Administrative Assistant annually completes the FOIA/OMA training as well. This is an annual requirement.

A schedule of meetings for the Forest Preserve Commission and Executive Committee for the calendar year 2021 in addition the listing of the District's recognized holidays is available for your review and consideration.

The list of fees for the 2021 calendar year is available for review and consideration. At this time staff do not recommend any adjustments to the fees charged for services at the District's facilities.

An adjustment to Zoo Director, Lee Jackson's, employment agreement reducing his base salary 10% beginning January 1, 2021 to June 30, 2021 is available for your review and consideration. The current amendment to his employment agreement is a 20% salary reduction that will cease on December 31, 2020.

The Upper Rock Island County Recreation Association (URICRA) license is available for your review and consideration. The prior license expired in October of 2019 and was not renewed in 2020 due to all programs and activities being canceled by URICRA due to the COVID pandemic and guidelines and restrictions associated. The agreement was constructed by the Civil Division of the State's Attorney's Office.

### **Reports & Facility Usage throughout the District**

November was an up and down month in terms of use and revenue as the golf season continued and saw several days with significant use due to the very mild days with temperatures in the 60's and 70's. Also, on these warmer November days hikers, equestrians, and participants in the Loud Thunder archery program flooded the parks. Things significant slowed as temperatures began to become cooler. The golf course continues to be open for play as the forecast in December has some mid-50 temperatures expected.

Ross Smith, Illiniwek Assistant Ranger, submitted his resignation as he took a position elsewhere. Mr. Smith will be missed but we wish him well on his new position. This position will not be immediately filled as the remaining appropriated funds will be transferred to the zoo so that it may hire an additional animal handler. An MOU with the union is in the process of being executed.

The Director, Auditor Palmer and County IS Director Davis worked on a few of the remaining interface issues between the RecTrac and New World System software throughout the month. At this we believe all issues have been resolved. Adjustments were made to the code that is uploaded from a file from RecTrac into New World Systems and a few additional adjustments were made within RecTrac. All data generated by RecTrac appeared to match that in New World Systems for the month of November. In addition, Auditor Palmer allocated and posted earned deferred revenue that should have been previously posted in prior months which is why in the monthly Budget Performance Report you see the November revenues significantly higher than normal. Speaking of the Budget Performance Report please note only revenues but expenditures at this compared to prior year as staff have done a tremendous job trying

to keep expenditures to essential operations just in case another full shutdown should occur.

Now with most of the seasonal services inactive until approximately April 1 of 2021 staff are in winter preparations mode. Staff throughout the District are working on forest management plants, prairie planting preparations, infrastructure repairs and maintenance as well as minor trail renovations, signage, equipment maintenance and other misc. projects or repairs deferred from a busy season within what their particular budget allows.

A final draft of the District's Comprehensive Annual Financial Report (CAFR) will be provided to the Forest Preserve Commission in January. Only electronic copies will be provided unless a hard copy is specifically requested. A representative from RSM will provide an executive summary to the Commission in January.

Park staff and the Director worked on the end of the year giving program called #keepqcoutdoorsy again this year in which folks can merely give to the District or to strategic projects staff is currently working on; bee boxes at Illiniwek and sunflower patches to complement the existing prairie plantings at Loud Thunder.

Some more exciting news was received at Illiniwek from the US Fish & Wildlife Service who conducted a bat survey this past year. The survey conducted indicated that the endangered Indiana Bat and the threatened Northern Long Eared Bat were present throughout the survey. Staff is consulting with the USFWS on management practices to preserve and create additional habitat for these two-particular species.

A seasonal staff member at Illiniwek was assigned to conduct a plant inventory listing of Dorrance Park. Staff will present those findings at some time in the upcoming months. Additional survey work should be conducted in the spring to account for many of the spring ephemerals which had already bloomed and leafed out and as such go dormant the remainder of the year and could not be accounted for. In order to get a more comprehensive list of the species in Dorrance Park it would be beneficial to repeat this survey during the early spring. The survey indicates that the park has a very diverse listing and therefore should be considered high quality natural area.

The Director spend several days on sorting through claims and processing them due to absences in the Forest Preserve Office as well as touching up on his payroll processing skills.

## **Zoo & Community Advisory Board**

The CAB canceled its November meeting and the next scheduled meeting is December 14<sup>th</sup> at 5:30 PM in which it will meet remotely. The zoo and Niabi Zoo Foundation kicked

off its fundraising campaign to assist with bringing rhinos to the zoo. The goal is to raise \$100,000 for improvements and construction to house rhinos. In addition to all the preparation and work associated with bringing rhinos to the zoo staff have been working on grants and received a \$5,000 grant for education purposes from the Rock Island Foundation and a \$10,000 gift from the Bob and Blenda Ontiveros through the Quad City Community Foundation. Zoo staff also have been promoting the sale of gift cards, which is new this year with the capabilities of the RecTrac software. Don't forget to get your limited edition Niabi Zoo Christmas ornament which is of a Fennec Fox this year.
