2. President Swanson stated, "Thank you very much. At this time, it is my great pleasure to introduce to you Mr. Paul Fessler, Program Manager for the Blackhawk College Highway, Construction and Transportation program; which has been a wonderful partner to the Forest Preserve District. And, I am going to turn things over to you, Mr. Fessler."

Mr. Fessler stated, "Okay. Well, it's a pleasure to come here and tell you a little bit about what we do. A nice piece of that is what we do with the Forest Preserve District and that's working at Loud Thunder, Illiniwek and a couple of other places that we have been at over the past few years. We are a construction training program. We are pretty single minded about trying to get people ready to become an apprentice in the building trades. So, you come into our program and you are there for three months. It's full time, we treat it like a job. You got to work hard. Half of it is classroom and half of it is hands-on construction training. So, over 50% of our graduates are now going to be entering class 19...two of these classes a year. Over 50% of them become apprentices in the building trades. Recent classes, you know, as we've been going longer and longer...we have been having a much better success rate. So, I think it's...out of the last 16 graduates, 13 have gone straight into an apprenticeship. So, we are trying to fill the ranks that desperately need people actually and it's a tremendous opportunity for any young person. You are not just doing hard physical labor. Construction is about a lot of different things. We have Highway in the title and I try to say this, but we are trying to open the door to any of the building trades. So, we do have people who become plumbers, electricians, street & metal workers... a whole variety of trades. We do have people who do get out there...excuse me (cleared throat)...and get on highway projects. So, we've had I think, at least 15 of our graduates that worked on the I74 bridge. They are out there on the I280 bridge and on roads all around Rock Island and of course the whole Quad City area. So, about half of the time our students are out there doing hands-on construction projects and a big chunk of those have taken place within the Forest Preserves. So, we have put in

accessible restrooms and an accessible dock area at Loud Thunder. So, you could go right on up to the dock and you can go fishing, get on a boat or what have you. They are very accessible. So, the restroom up on top of the hill above Lake George, up until a few years ago, you now have parking and a sidewalk that goes straight into the restroom...and we redid those restrooms. But, we will do all kinds of different projects. We have put in concrete pads for dumpsters at Illiniwek. We have put in most recently, a bunch of benches...very nice benches at Loud Thunder. We have worked on the ball diamonds over and out by Port Byron."

President Swanson stated, "Dorrance."

Mr. Fessler continued, "Dorrance Park. So, we've done a variety of things all within the District. Now, of course we've got students working different...uh, we have weather coming up and we have a short period of time when we can do projects. So, one of the great things with working with Jeff and the Park Rangers is, you guys are all very flexible about how much we can get done. For instance, some of those projects we did over a two-class period. The spring class did work and we came back and finished it up in the fall. We don't want to bite off more than we can chew because when our class ends, it's over. So, we really need partners like you guys who can be flexible and give us something really real. So, let me just say this and I'll wrap up. We are funded by the Illinois Department of Transportation. So, the money for this program comes from Blackhawk College from IDOT. They are really happy with what we do here and one of the main things is working in the Parks. So, these students are really doing something that is something that they can go back to...take their family to and see it years from now. And, also get that feeling that they are really doing a real project that's really going to impact people. And so, I couldn't say more about our relationship with the Forest Preserve District with Jeff and the staff, it's been great. And, we appreciate your support."

President Swanson stated, "Well, we sure appreciate what you do and we are going to open it up for some questions. Dr. Simmer has a question and Ms. Woods as well. Dr. Simmer?"

Commissioner Simmer was recognized.

Mr. Simmer stated, "I got a couple..."

President Swanson interrupted, "Could you please use your mic for the folks at home...thank you."

Commissioner Simmer asked, "I actually have a couple of things for ya. How many students on average do you have? How long do the classes go? And, uh...do they end up with an Associate's Degree or something. How does that work?"

Mr. Fessler answered, "It's non-credit...so, they get a certificate for completing this...although they do a bunch of other training things that they get certificates for like LIFT training, OSHA, CPR, First Aid. So, they get a series of certificates but the main one is really graduating from this 3-month program."

Mr. Simmer stated, "Okay."

Mr. Fessler added, "So, the program is three months...and so, like I said and it is full time. So, you are there 8:00-5pm...and of course if they are out in the field, they might start a little earlier and get done a little earlier."

Mr. Simmer stated, "Alright."

Mr. Fessler asked, "And, what was your other question?"

Mr. Simmer asked, "Three months... Oh...number of students?"

Mr. Fessler answered, "The number of students...so, uh...during Covid, it's been kind of a struggle."

Mr. Simmer stated, "Alright...sorry."

Mr. Fessler added, "But generally, it's between 12 to 15 students."

Mr. Simmer stated, "Alright."

Mr. Fessler continued, "And, most recently we have had eight and this last one, we had four graduates. When I am in recruiting mode, the classes start in August and so, I have left some of these on the back table if anybody wants those. So, people can come and get signed up for this program now."

Mr. Simmer asked, "How do people get to you? I mean, does it cost?"

Mr. Fessler answered, "There is no cost to the program."

Mr. Simmer asked, "Do they just come up and sign up?"

Mr. Fessler answered, "Yeah, so there are a few steps. So, they will need to meet some of the requirements that we have going into the building trades. So, they need to be 18 yrs. or older. They need to have a High School Diploma or G.E.D. They have to have a Driver's License and pass a drug test. We also give them a basic math and reading test; which most everybody passes...but, occasionally we have some people that do not. Then, we do interviews. We want to hear from someone that this is a job that you are really interested in doing into the future. And so, we don't want somebody who is just sticking their toe in the water and you

kind of find that out when you are doing an interview. Those are the steps to get into the program. Right now, there are orientations I am doing in June and July for a class that starts August 15th. They can sign up by going to our website; which if you just put HCCTP at Blackhawk, you'll find it or you can call me. My number and email are all on this card that I left in the back."

Mr. Simmer stated, "Okay."

President Swanson stated, "Ms. Woods has a question...following that Mr. Morthland. Ms. Woods?"

Commissioner Woods was recognized.

Ms. Woods asked, "I was wondering if you did any ramps?"

Mr. Fester answered, "Well... Um, we have done concrete sidewalks that act as a ramp. But not actual ramps. Everything we do needs to be on public property and so, we can't do...for instance, a ramp for a person at their home."

Commissioner Morthland was recognized.

Mr. Morthland stated, "Well, thank you very much. I appreciated it in my time at Blackhawk College. And, there was that one project at Building 3 that required a take two...but hey, better learning, right?"

Mr. Fessler stated, "Yeah, yeah...yeah."

Mr. Morthland added, "It's an excellent program."

Mr. Fessler stated, "Thank you."

President Swanson added, "I would also like to lift up the great partnerships that we have with the construction trades, especially, Laborer's 309 when they did the project at Loud Thunder with the bathroom. That benefited everybody because if you remember that old facility, you had to get a running start to get up on to the commode."

(Group laughter)

President Swanson added, "So, fixing the platform helped us all out. I really appreciate it. Are there any other...oh, wait we have a couple more? Ms. Normoyle and Mr. McNeil. Ms. Normoyle?"

Commissioner Normoyle was recognized.

Ms. Normoyle asked, "Thank you. Is there also a focus on bringing people in who are generally underrepresented in the building trades in this program?"

Mr. Fessler answered, "So, uh...and we do try to bring as many minorities and women into construction. And, that has been generally a super experience. The trades have been very welcoming. We have had a whole bunch of women and people of color who have gone through the program and have gone on to become an apprentice and a journeyman."

Ms. Normoyle stated, "I saw Sonia when I was at the Bridge opening."

Mr. Fessler interrupted, "Sonia is one of our stars...yes."

(Overlapping between Ms. Normoyle and Mr. Fessler)

Ms. Normoyle added, "I recognized her from an earlier program."

Mr. Fessler added, "...and she's on here...a couple of our gals are on this."

Ms. Normoyle stated, "That's great."

Mr. Fessler stated, "Absolutely."

Commissioner McNeil was recognized.

Mr. McNeil asked, "Thank you. I appreciate the info. and I know you have to be 18 yrs. old to start this program. How do you plant the seed at the High School level to market this to the Seniors?"

Mr. Fessler answered, "Well, we go to those career fairs and I have gone to many High School events and talked to classes. We will get a few people come in straight out of High School...and, I just had one guy who went straight from High School through our program to apprentice in the cement masons. We get a lot of people, like I mentioned, and diversities is a goal and one of it is age. So, I have a bunch of people in their 20's a lot of times...30's, 40's, and the oldest person that went in as an apprentice through our program was 50 years old. So, we really have an interesting group usually of people of different ages. It's usually just one or two that come straight out of High School. We are going to need to get more of those as the population keeps aging and people are retiring."

President Swanson asked, "Are there any other questions for Mr. Fessler? I will say, Mr. Fessler, your timing is great. We don't normally give thank you gifts to our presenters, but Mr. Craver had the great idea that we are just doing our latest harvest of honey from Loud Thunder Forest Preserve. Yes, you can get your own jar, if you drive out there. But, it was very thoughtful of Mr. Craver to bring this. So,

we as a Commission would like to give you that and as a very special partner...one of our Forest Preserve District lapel pins. Friends, would you please join me in thanking Mr. Fessler."

(Group applause)

President Swanson stated, "Thank you very much."

3. Commissioner Mielke moved to approve the May 17, 2022, Forest Preserve Commission meeting minutes, as presented. Commissioner M. Moreno seconded.

A roll call vote was taken.

5. **PRESIDENT'S COMMENTS:**

President Swanson stated, "As for the President's Comments, just a couple of quick things. I want to thank Mr. Brunk for making us aware for the loss of the mother of two of our fellow Commissioners, Larry and Michael Burns. And, I just want to tell our fellow Commissioners that you are held in the hearts and the prayers of many at this time of loss. So, your loss is shared by us. Thank you. Other than that, I wanted to say that people are out enjoying the preserves. The weather was phenomenal last weekend. That really helped in a lot of ways. You noted that jar of Loud Thunder Honey, Jeff wants me to point out there is still plenty in the camp office, if you want to head out there. Also, I would like to lift up something that's in your packet that I want you to be paying attention to in the future...the Executive Committee got a report on this. The City of Rock Island is in negotiations around a parcel of land near the Bally's Casino. They are doing an environmental assay, so we don't have to make any decisions now, but I do want you to keep tabs on this. But, if this were to come through as a clean assessment, there is a chance that we could be adopting/accepting another major gift of the Forest Preserve. This one, we would not have to do anything to. I see the look of...(chuckles) this is the area out by the Bally's Casino, the wetlands. So, basically, its land that has been determined to be undevelopable."

Mr. Simmer asked, "On 92...the other side of 92?"

President Swanson answered, "Both sides...yeah, both sides of Centennial Expressway, just South of...there is a map in your packet. It's just South of the I280 exchange. There is still a lot of investigation to be done. But, I encourage you to keep tabs on the process and watch how the city proceeds with its environmental assessment on that. So, I wanted to make sure you were aware of that. Uh, but if that were to come to pass, it would really come without any strings. If in the future, people like Jeff and Mike and so forth...if they get grants that other agencies might want to pay for the basic improvements, that would be an option but there is no expectation that we would do anything but holding it in trust. So, please keep tabs on that."

6. Commissioner Thompson moved to approve the Claims and Forest Preserve Treasurer's Disbursements in the amount of \$716,253.24, as presented. Commissioner Cremeens seconded.

Commissioner M. Moreno moved to approve the previous roll call vote. Commissioner Sowards seconded.

President Swanson stated, "And now, the moment that many of you have been waiting for...that's why the chambers is packed of course with all the..."

(Group chuckles)

President Swanson continued, "...but I want to give you an update and entertain, if appropriate, a motion to approve a new name for our new Forest Preserve. To remind you of the process; which was really driven by the Executive Committee of the Forest Preserve Commission. We accepted names from the public and we were just overwhelmed by the response. It was fantastic. In one of the threads we saw, was that there were quite a few submissions that were honoring the Native heritage of our area. Well, that's in keeping with our current Preserves. Illiniwek is a word that's not really from this area. It's from the Ojibwe people and it was what they used to describe the people who lived here...the Kaskaskia, the Peoria, the Cahokia and so forth. And then we have Loud Thunder that we are very proud of; which is an anglicized version of the name of Loud Thunder's son (meant to say Chief Blackhawk's son). And so, that's a great way to keep the tradition but we've never had those...a park that's got a name in the Sauk language. So, we established communication with the Director of the Department of Language for the Sauk Nation in Oklahoma. And, in consultation with her, the name that we would like to put forward is AMÔWA; which is the Sauk word for Bee or Bees. Uh...which ties into the work that Ranger Petersen, Ranger Mills, Mr. Craver and others have done in terms of habitat and restoration that have brought to critically endangered species of bees back to Rock Island County. The American Bumble Bee and the Rusty Patch Bumble Bee. So, it's kind of celebrates the work of the professional team. It is true to the heritage of our region...and, it's also kind of a challenge to us to be mindful of the smallest parts of the ecosystem that are very important. So, with that background, I would entertain a motion to approve AMÔWA as the name."

8. Commissioner Mielke moved to approve the name AMÔWA for the new Forest Preserve, as presented. Commissioners M. Moreno and Simmer seconded.

Commissioner Normoyle moved to approve the previous roll call vote.
Commissioner L. Moreno seconded.

President Swanson stated, "Congratulations, friends...we have a name for our new park."

(Group applause)

President Swanson added, "And, I should note that Ms. Mohr who is the Director of Languages for the Sauk Nation has left the door open that if we get to a dedication and naming, that there may be a delegation coming from Oklahoma. Wouldn't that be a spectacular celebration for our community? So, more to come on that."

9. **Comments from Commissioners: (None)**

10. Commissioner McNeil moved to approve all Routine Reports from the Director and Departments Heads of the Forest Preserve Commission, as presented.
Commissioner Sowards seconded.

Commissioner Normoyle was recognized.

Ms. Normoyle stated, "There are all kinds of things to lift up in the reports...lift up the Miller donations. That was very generous of them and certainly made the transition to prairie much more feasible. So, well done."

President Swanson added, "If you look at the history of this District, it wouldn't have been able to do what it has done without the cooperation of private individuals, corporations and organizations. Thank you, Ms. Normoyle, for lifting that up. Are there any other questions or comments?"

Commissioner Simmer moved to approve the previous roll call vote. Commissioner L. Burns seconded.

MID-YEAR MARKETING REPORT

Time period in review: April 1, 2022 – June 30, 2022

Comparison period in review: April 1, 2021 – June 30, 2021

The best way to measure success and progress is to measure key performance indicators (KPI's) against previous years. The primary KPI's used to measure success for RICFPD are:

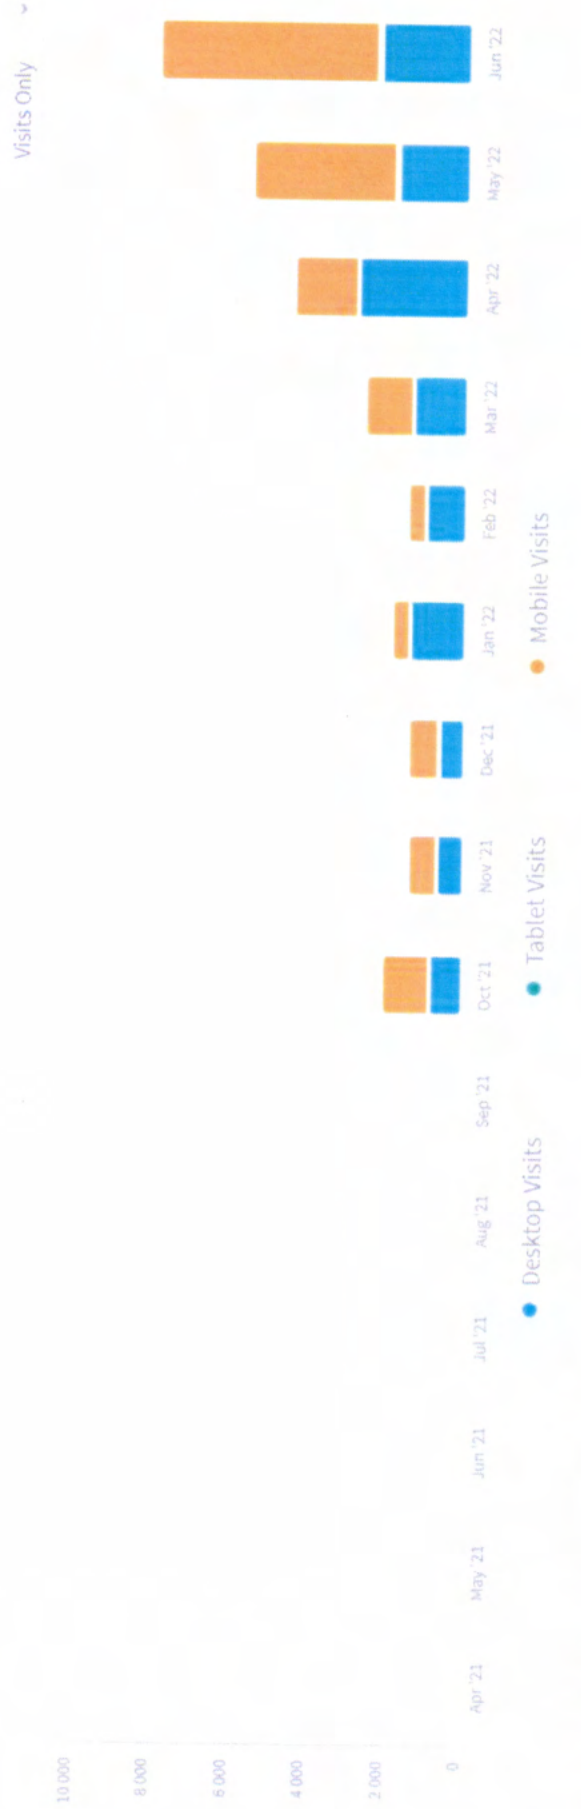

- **Website visits:** A visit to a website where at least one page was viewed.
- **Social Media Impressions:** The number of times your content was displayed to users
- **Social Media Engagement:** The number of times users interacted with your content (likes, comments, shares)
- **Email Open Rates:** The number of people that opened your email
- **Email Click Rates:** The number of people that clicked on a link in your email

- / is the website homepage.
- The boating safety training page traffic is the result of an ad running on social media promoting boat rentals and informing of new boater safety regulations.
- Most pages have higher than average bounce rates, indicating there is room for improvement on user experience (content redevelopment, new photography, additional calls-to-action).

- Impressions, the number of people that see your posts, is down slightly which can be explained by an Illiniwek post from 2021 that went viral with over 50K impressions plus several ads that ran to help with employee recruitment for Indian Bluff that were not required in 2022.
- In 2022, more video content has been integrated into Illiniwek's page which is getting a lot of engagement (shares, likes, comments). The changes in DNR boater safety regulations have also stirred up a lot of activity/engagement.

LOUD THUNDER: IMPRESSIONS & ENGAGEMENT

- Of all District Facebook pages, Loud Thunder brings in the most impressions and engagement.
- We saw a big jump in impressions and engagement year-over-year, which is very encouraging to see. Content is resonating and people are interacting.
- Posts about boat rentals and new DNR boater safety regulations are getting a lot of attention.

Boat rentals are now open!

HEADS UP: The DNR is now requiring all individuals renting any boat to complete a short, free boater safety training prior to heading out on Lake George. There are 2 ways you can complete the training if you haven't already:

- Take a 15- to 24-minute free training online at www.RentalBoatSafety.com.
- Take the boating safety class at Loud Thunder on one of our pre-loaded tablets.

Black Hawk Hiking Club of the OC then and now!

A few weeks back this amazing group held their biannual Hauberg Memorial Hike along Loud Thunder's Hauberg Trail – a 2.3 mile out-and-back path along the Mississippi. John Hauberg was the founder of the Blackhawk Hiking Club in 1920. He was a master historian, ally to Native Americans and fearless defender and advocate of public lands. In fact, he spent 6-years between 1921-1927 campaigning for the Illinois State legislature... See more

ILLINIWEK: IMPRESSIONS AND ENGAGEMENT

- Of all District Facebook pages, Illiniwek brings in the second-highest number of impressions and engagement, coming second to Loud Thunder by about half.
- The decrease in impressions and engagement year-over-year is because of an outlier viral post about the i-74 bridge and mussel conservation posted in 2021 which resulted in nearly 50K impressions (about 5X as many typical impressions as a normal top-performing post).
- If we remove the outlier viral post from 2021, impressions year-over-year have improved by 2% in 2022 which is a healthy growth amount.

The I-74 bridge project is almost complete – but here's something about the process you may not know...

When the project began in 2016, divers moved over 450,000 endangered mussel species out of the construction area into safe, new habitats – one being the shores of Illiniwek!

Higgins Eye Pearlymussel (*Lampsilis higginsii*) play a vital role in a healthy aquatic ecosystem which means good fishing and good water quality for other wildlife on the Mississippi.

We're proud to protect this endangered species at Illiniwek. #RICoutside

We've been conducting controlled burns at Illiniwek this past month. Follow along with Park Ranger Mike as he explains the importance of these types of burns to the ecosystem at Illiniwek. 🙌 One of the major benefits of prescribed burns is that the fire helps to get rid of unwanted invasive species. What's left behind is a prairie that is ready to thrive! 🌱 #KeepQCoutdoorsy

- Email was introduced as a tactic in 2021 and has proved to be a successful one.
- Our email list doubled in 2022 in comparison to 2021 – the open rate remained consistent and even improved, which is good to see.
- The industry average open rate is 17%. As you can see, the District's open rates are nearly double the average.
- The industry average click rate is 2.5%. The District was below that average in 2022, hanging around 1% average. This is a number we'll want to monitor and see improvements on moving forward.

**ROCK ISLAND COUNTY FOREST PRESERVE DISTRICT
PURCHASING POLICY
APPROVED OCTOBER 2016
REVISED JULY 2022**

Before any purchases are made, Department Head's shall ensure an appropriation has been made in the department's budget. Then the Department Head must requisition all purchases, contracts, and services through the District Director to be entered into New World financial system. These procedures are in place for all purchases; be they for the Forest Preserve General, Niabi Zoological Preserve, FISSA, IMRF, Liability Fund or any other Fund of the District. The requisition shall include:

- A complete description of item(s) requisitioned
- Date
- Department
- Point of Delivery/FOB (Freight on Board)
- ** Appropriate Budget Code
- Signature of requisitioning Department Head or authorized employee
- Indication of trade-in equipment

The Forest Preserve President may act on an emergency purchase or repair request for all departments in the District.

Depending on the amount of the purchase, the requisition will then take the following steps:

A. Items \$9,999 or under

If the purchase has been appropriated in the fiscal year budget/appropriation ordinance and funds are available a Department Head may authorize purchases \$9,999 or under. Stringing purchases (ordering several items \$9,999 or under multiple times to avoid the approval process) will not be tolerated. Department Head's should attempt to obtain comparable pricing or at least three (3) competitive bids/quotes when practicable and provide a purchase order number if required before acquiring such items or services.

B. Items \$10,000 to ~~\$2924~~,999

If the item or service has been appropriated in the fiscal year budget/appropriation ordinance and funds are available the District Director may authorize Department Head's requests between the amounts of \$10,000-24,999. Department Head's shall receive approval from the District Director before all items or services between \$10,000-24,999 are acquired. The District Director will verify that funds are available before requisitioning. When appropriate the District Director will instruct the Department Head to obtain comparable pricing or at least three (3) competitive bids/quotes when practicable and to provide a purchase order number if required before acquiring such items or services.

C. Items ~~\$3025~~,000 or greater

Per 70 ILCS 805/8 (b) - All contracts for supplies, materials or work involving an expenditure in excess of ~~\$3025~~,000 shall be let to the lowest responsible bidder, after advertising at least once in one or more newspapers of general circulation within the county, except work requiring personal

confidence or necessary supplies under the control of monopolies, where competitive bidding is impossible. Items in this category require a publication in a newspaper of general circulation within the county of advertisement or a legal notice which shall run one (1) time at least ten (10) working days prior to the date of bid opening. The publication must include date and time of sealed bid opening. Purchases in this range will require a recommendation from the Forest Preserve Executive Committee and then approval of the Forest Preserve Commission before acquiring such items or services.

All purchases, other than Professional Services per 55 ILCS 5/5-1022(a) insofar as possible, are to be made on a competitive basis and pursuant to precise specifications. In determining the lowest responsible bidder, the Forest Preserve Commission shall take into consideration: the qualities of the articles supplied; the conformity within the stated specifications; the suitability to the requirements of the District; the availability of support services; the uniqueness of the service, materials, equipment, or supplies as it applies to networked, integrated computer systems; the compatibility to existing equipment; and the delivery terms. The Forest Preserve Commission also may take into consideration whether a bidder is a private enterprise or a State-controlled enterprise.

All deliveries that are made to the Forest Preserve District must be checked-in and the delivery or freight receipt signed by an employee of the Forest Preserve District.

The Auditor should file and retain the purchase order until the invoice or invoices covering the order are paid. The invoice shall be entered by the Forest Preserve Director or staff into New World financial system for payment and properly attach the purchase order paid in part or in full. On receipt of the invoice, the Auditor should compare the invoice and purchase order for accuracy in New World. Invoices are then returned to the Forest Preserve District office for the recommendation of the Forest Preserve Executive Committee to the Forest Preserve Commission for approval of payment.

Information maintained by the Legislative Reference Bureau

Updating the database of the Illinois Compiled Statutes (ILCS) is an ongoing process. Recent laws may not yet be included in the ILCS database, but they are found on this site as [Public Acts](#) soon after they become law. For information concerning the relationship between statutes and Public Acts, refer to the [Guide](#).

Because the statute database is maintained primarily for legislative drafting purposes, statutory changes are sometimes included in the statute database before they take effect. If the source note at the end of a Section of the statutes includes a Public Act that has not yet taken effect, the version of the law that is currently in effect may have already been removed from the database and you should refer to that Public Act to see the changes made to the current law.

(70 ILCS 805/8) (from Ch. 96 1/2, par. 6315)

(Text of Section before amendment by P.A. 102-460)

Sec. 8. Powers and duties of corporate authority and officers; contracts; salaries.

(a) The board shall be the corporate authority of such forest preserve district and shall have power to pass and enforce all necessary ordinances, rules and regulations for the management of the property and conduct of the business of such district. The president of such board shall have power to appoint such employees as may be necessary. In counties with population of less than 3,000,000, within 60 days after their selection the commissioners appointed under the provisions of Section 3a of this Act shall organize by selecting from their members a president, vice president, secretary, treasurer and such other officers as are deemed necessary who shall hold office for the fiscal year in which elected and until their successors are selected and qualify. In the one district in existence on July 1, 1977, that is managed by an appointed board of commissioners, the incumbent president and the other officers appointed in the manner as originally prescribed in this Act shall hold such offices until the completion of their respective terms or in the case of the officers other than president until their successors are appointed by said president, but in all cases not to extend beyond January 1, 1980 and until their successors are selected and qualify. Thereafter, the officers shall be selected in the manner as prescribed in this Section except that their first term of office shall not expire until June 30, 1981 and until their successors are selected and qualify.

(a-5) An officer selected pursuant to subsection (a) may be removed, with or without cause, upon a motion adopted by an affirmative vote of four-fifths of the board of the forest preserve district. Upon adoption of a motion to remove an officer: (i) the office becomes vacant and the former officer's compensation shall be prorated to the date the

motion was approved; (ii) if the officer removed is the president then the vice president immediately assumes the duties of the president without president compensation and, if the officer removed is the vice president, treasurer, or secretary, then the president shall select an interim appointee who shall serve until the next regularly scheduled forest preserve district board meeting; and (iii) a new officer shall be selected at the next regularly scheduled forest preserve district board meeting. An officer removed under this Section maintains his or her status as a member of the forest preserve district board.

(b) In any county, city, village, incorporated town or sanitary district where the corporate authorities act as the governing body of a forest preserve district, the person exercising the powers of the president of the board shall have power to appoint a secretary and an assistant secretary and treasurer and an assistant treasurer and such other officers and such employees as may be necessary. The assistant secretary and assistant treasurer shall perform the duties of the secretary and treasurer, respectively in case of death of such officers or when such officers are unable to perform the duties of their respective offices. All contracts for supplies, material or work involving an expenditure in excess of \$25,000, or a lower amount if required by board policy, shall be let to the lowest responsible bidder, after advertising at least once in one or more newspapers of general circulation within the district, excepting work requiring personal confidence or necessary supplies under the control of monopolies, where competitive bidding is impossible. Contracts for supplies, material or work involving an expenditure of \$25,000, or a lower amount if required by board policy, or less may be let without advertising for bids, but whenever practicable, at least 3 competitive bids shall be obtained before letting such contract. All contracts for supplies, material or work shall be signed by the president of the board of commissioners or by any such other officer as the board in its discretion may designate.

(c) The president of any board of commissioners appointed under the provisions of Section 3a of this Act shall receive a salary not to exceed the sum of \$2500 per annum and the salary of other members of the board so appointed shall not exceed \$1500 per annum. Salaries of the commissioners, officers and employees shall be fixed by ordinance.

(d) Whenever a forest preserve district owns any personal property that, in the opinion of three-fifths of the members of the board of commissioners, is no longer necessary, useful to, or for the best interests of the forest preserve district, then three-fifths of the members of the board, at any regular meeting or any special meeting called for that purpose by an ordinance or resolution that includes a general description of the personal property, may authorize the conveyance or sale of that personal property in any manner that they may designate, with or without advertising the sale.

(Text of Section after amendment by P.A. 102-460)

Sec. 8. Powers and duties of corporate authority and officers; contracts; salaries.

(a) The board shall be the corporate authority of such forest preserve district and shall have power to pass and

enforce all necessary ordinances, rules and regulations for the management of the property and conduct of the business of such district. The president of such board shall have power to appoint such employees as may be necessary. In counties with population of less than 3,000,000, within 60 days after their selection the commissioners appointed under the provisions of Section 3a of this Act shall organize by selecting from their members a president, vice president, secretary, treasurer and such other officers as are deemed necessary who shall hold office for the fiscal year in which elected and until their successors are selected and qualify. Contracts for supplies, material or work involving an expenditure of \$30,000, or a lower amount if required by board policy, or less may be let without advertising for bids, but whenever practicable, at least 3 competitive bids shall be obtained before letting such contract. All contracts for supplies, material or work shall be signed by the president of the board of commissioners or by any such other officer as the board in its discretion may designate.

(c) The president of any board of commissioners appointed under the provisions of Section 3a of this Act shall receive a salary not to exceed the sum of \$2500 per annum and the salary of other members of the board so appointed shall not exceed \$1500 per annum. Salaries of the commissioners, officers and employees shall be fixed by ordinance.

(d) Whenever a forest preserve district owns any personal property that, in the opinion of three-fifths of the members of the board of commissioners, is no longer necessary, useful to, or for the best interests of the forest preserve district, then three-fifths of the members of the board, at any regular meeting or any special meeting called for that purpose by an ordinance or resolution that includes a general description of the personal property, may authorize the conveyance or sale of that personal property in any manner that they may designate, with or without advertising the sale.

July 8th, 2022

TO THE MEMBERS OF THE COUNTY BOARD:

Accompanying this letter is the Treasurers' monthly report of Financial Status as of June 30th, 2022 and Interest received on **Forest Preserve Funds** invested for the month of June, 2022 as the twelfth month of the fiscal year, compared with the prior year follows:

Current year interest received in June, 2022	\$ 2,304.00
Prior year interest received in June, 2021	\$ 638.00

Current year accrual for June 30 th , 2022	\$ 13,683.00
Prior year accrual for June 30 th , 2021	\$ 10,756.00

Monthly interest for July is now averaging just under 1.5 % interest on investments due to another rate increase by the Federal Reserve in June.

The 2nd tax distribution was received June 28th. The 3rd tax distribution is planned for July 28th. The 2nd installment of tax is due Tuesday, August 9th.

As we close out this fiscal year we will continue to track prior year receipts for the next 60 days to properly document revenues to the correct budget year.

Please contact me if you have any questions.

Sincerely,

Louisa Ewert
County Treasurer

June was a very good month at Indian Bluff Golf Course. It caps off what has been a very good fiscal year for the golf course. Despite one day at the golf course that was a complete wash out, all numbers were up substantially for the month over last year, and over the last several years. Rounds up 14%. Golf revenue up 20%. Concessions up 19%. Proshop up 32%. Overall revenue up 21% over June 2021. Overall the numbers are outstanding. Despite high levels of inflation and rising costs (including golf), interest in golf has continued the high levels that began in the pandemic.

Concession sales show a big increase this season as well. We have continued last year's practice of grilling at the snack shack during busy days on the weekend and during outings. Since we began that sales have steadily increased at the snack shack. Adding a credit card payment option in 2021 has also helped drive a sales increase at the snack shack.

Indian Bluff hosted 3 golf outings in the month of June. We hosted:

- Putts for Mutts
- Steve's Old Time Tap
- Habitat for Humanity Quad Cities

Putts for Mutts and Habitat for Humanity were full shotgun starts. Both went very well, Habitat for Humanity played thru the rain for the majority of their golf outing. Steve's Old Time tap had 84 players on a Friday afternoon

Looking ahead to July, we have three golf outings scheduled, two of which appear to be full at 144 players. The fourth of July weekend was a mixed bag of business. Saturday and Sunday were pretty good, Monday ended up getting rained out late in the morning. The John Deere Classic was also held over July 4 weekend, that did not appear to have a lot of effect on business.

Report to Forest Preserve Committee

Name of Park Illiniwek

For the Month of June 2022

Grounds Maintenance—Staff has been mowing weekly. Sometimes twice a week due to weather. Staff sprayed around outfield fences, restroom, dugouts, and playground at Dorrance Park. The pavilion prairie was mowed to a height of 16" to try and keep thistle from going to seed. 82 prairie plugs were planted in the pavilion prairie as well. About 1.5 acres of thistle was mowed in the ball diamond prairie. Staff mowed and sprayed around the trees that were planted this spring by the RI county 4-H members. Illiniwek was able to borrow the skidsteer and forestry mulcher from Loud Thunder to remove honeysuckle from the Miller property. Staff ran the mulcher for 30 hours treating approximately 10 acres on ridgetops.

Building Maintenance Projects Performed—Staff replaced receptacles in both shower building due to tripping breakers and turning ventilation fans off. Staff replaced gasket sets in two vanity faucets in south shower building. In the first stall of the women's bathroom in the public restroom staff had to replace the sloan flushing valve on the toilet. Staff has had to replace 8 - 50 amp breakers on the EW sites during the month of June.

Equipment repairs and/or projects performed— No equipment maintenance this month.

Trails/Course/General facility conditions— The trails at Illiniwek and Dorrance have been open and closed on and off due to rain in June. FORC has been on the trails at Illiniwek and Dorrance clearing storm debris off the trails. They are still in the process of replacing boards on one of the TTF's at Illiniwek due to rot.

Vandalism report- No vandalism

Incidents— No incidents

Accidents reports— Mike Petersen was injured while trying to fix the skid steer which required him to go to the emergency room. The injury was to his left eye. No permanent damage.

Weather conditions— Questionable?

Activities/Events/Outings held at park— The Star gazing at Illiniwek on June 25th was cancelled and rescheduled for July 23rd due to rain.

Items to be bid by Purchasing— No items to be bid.

Upcoming Activities – Popular astronomy club will be at Illiniwek on July 23rd.

Misc.- Staff installed the foul ball netting on the 1st baseline on diamond 1 at Dorrance. The F&WS has agreed to help purchase 20 acres of prairie seed for the Erie bank property. Miller Brothers has committed another 7 days of use on the Erie Bank property with their forestry mulcher.

Report to Forest Preserve Committee

Name of Park __Loud Thunder __

For the Month of _June 2022__

Grounds Maintenance performed--

- Picked up trash on grounds, removed trash from trash receptacles
- Cleaned pit toilets as needed
- Mowed all grounds once a week
- Stringtrimmed all maintained areas of preserve
- Replaced several breakers on power posts in campgrounds
- Mowed all of trail system
- Removed hazard trees from trail system
- Repaired roads with 4 tons of cold patch
- Cut back honeysuckle at river boat launch
- Tilled horse corral
- Burned two large brush piles prior to holiday weekend
- Drilled in prairie seed on 4.5-acre planting at the Ralph Martin Conservation Area
- Filled potholes with millings at the horse corral road
- Sprayed parking lots, spillway, and all gravel roads to control unwanted weeds and vegetation

Building Maintenance projects performed--

- Cleaned both shower buildings and shelters several times a week
- Fixed broken mixing valve at river shower building
- Cleaned/organized work spaces
- Replaced light bulbs in maintenance shop and west shower building as needed

Equipment repairs and/or project performed--

- Performed pre and post operation checks daily on equipment to be used.
- Fixed seat on JD 997 mower
- Fixed broken Woods mower deck
- Began to fix broken large woods mower deck

Trails/Course/General facility conditions--The park as a whole is looking great. Trails have been open for the majority of the month. Grass and trees are showing signs of stress mainly caused by a lack of water.

Vandalism report—I have no vandalism to report for the month of June 2022.

Incidents--I have no incidents to report for the month of June 2022.

Accidents reports--I have no accidents to report for the month of June 2022.

Weather conditions—Weather conditions have been nice but the lack of rain has been tough on the grounds.

Activities/Events/Outings held at park— We hosted some graduation parties and several family gatherings during the month of June. Illinois City Saddle Club held their June horse show.

Volunteer Hours--I have no volunteer hours to report for the month of June.

We had some pretty nice camping weather during the month of June. Campers seemed to take advantage of the lack of rains and they came out in large numbers. The grounds could really use some good rains as they are extremely dry and the trees and vegetation are showing signs of stress.

I directed my staff to remove all deadfalls off the trails and to mow all forest trails this month. I have been receiving some very positive feedback on the bridges that we have put out on the trails over the last few years so that is very encouraging. Staff also installed three signs near these bridges crediting 4STA, LT50, and Michell Muller for their substantial donations that were used to help offset the cost for the bridges.

Scott James from the USFWS came out to assess the 5 prairie plantings that we did over the last 18 months. He was very pleased with all the plantings but one. The 4.5acre prairie planting on the north side of Loud Thunder Road adjacent to the Martin farm was in pretty rough shape. He was able to quickly get me enough seed and a drill so we went ahead and replanted that prairie this month and I will report on the success moving forward.

The 4th of July was very busy at the preserve. I saw and talked to several large family groups who were really enjoying the upgraded amenities we have installed. We were able to rent all electric and primitive sites with the acceptance of 6 equestrian full-hookup sites over the weekend. Boat rentals were up and day users were all over the place. I would say that the majority of the public is very pleased and excited about the current state of things at Loud Thunder.

Forest Preserve District

Rock Island County

Our mission: is to maintain and acquire lands with the intent to restore and conserve such lands for the purpose of preservation, education, and recreation for its residents with fiscal responsibility.

Members of the Rock Island County Forest Preserve District Executive Committee, please accept this report to the Committee for the month of June 2022.

Notes from the prior Forest Preserve Executive Committee Meeting/Old Business

Nothing to report pertaining to the land donation from the City of Rock Island.

Nevada Lemke, Silvis Administrator, will address the April Forest Preserve Executive Committee agenda item of Support for Silvis TIF District #8. Unfortunately, Ms. Lemke was unable to address the Executive Committee in April due to an emergency which required her attention.

Issues or Items noted on the agenda for the month of July

Claims and Treasurer's Disbursements

The monthly claims & Treasurer's Disbursements for the month are included in the packet and once again are typical for this time of the year. Claims had not been fully reviewed at the time of this report, any flagged claims will be rectified by staff as soon as possible.

Transfers of Appropriations

June 30th brings to an end to the District's fiscal year and as such, especially with staff navigating the inflated costs of goods and services from the time of appropriations, there were many Transfers of Appropriations as well as new money resolutions for the General Fund and Niabi Zoo Fund for FY 22. There still is a spilt payroll required and invoices to be processed from goods and services rendered before June 30 until August 30th when the District official closes its books for FY 22. So unfortunately, additional funds will be required as well as transfers moving what few funds are left in some GL line items to other in need next month to cover existing FY 22 expenditures. Despite the need to appropriate additional funds for expenditures, there were revenues received to off-set these increases. Overall, financially speaking the District had a decent year with many revenue sources at all-time highs and others getting closer to pre-COVID figures which helped combat the unfunded mandate of increasing the minimum wage and inflationary costs for goods and services which contributed to some of the additional appropriations. When FY 22 officially closes the books, there will be no outstanding Tax Anticipation or interfund loans and all levied Funds of the District should be within District policy except the Niabi Zoo Fund which on a positive note is showing improvement.

Resolutions

There are five resolutions for the Commission to consider this month. A very brief explanation of each one is as follows:

FY 22 Appropriation Amendment-Personal Property Replacement Tax & FY 22 Expenditures-PPRT received far exceeded initial appropriations and is being used to off-set additional expenditures in the General Fund.

FY 22 Niabi Zoo Fund Appropriation Amendments for Zoo Rhino Yard Improvement Project-This resolution accounts for the expense for a large portion of additional improvements to the rhino exhibit which were required to house a second rhino and securely allow the animals to the additional exhibit space. The cost of this project is being off-set with funds raised by the zoo foundation.

FY 23 Appropriation Amendment-Misc. Adjustments-This resolution appropriates additional funds to cover the bargaining unit employee's step-increases and general wage increases which were not include in the adoption of the General Fund's appropriation ordinance. At the time of the FY 23 appropriation ordinance adoption there was no agreement in place determining if step increases would continue as in prior agreements nor was a general wage increase determined. Also, at the time of FY 23 appropriation ordinance adoption the District had not secured the new preserve in which it will owe 2022 taxes to be levied. These costs will be off-set by PPRT to be received, which are anticipated to be much greater than what was initially adopted with the appropriation ordinance.

FY 23 Niabi Zoo Appropriation Amendment-Misc. Adjustments-This is similar to the General Fund resolution as it appropriates additional funds to cover the bargaining unit employee's step-increases and general wage increases which were not include in the adoption of the Niabi Zoo Fund's appropriation ordinance. Again, at the time of the FY 23 appropriation ordinance adoption there was no agreement in place determining if step increases would continue as in prior agreements nor was a general wage increase determined. Also, at the time of FY 23 appropriation ordinance adoption the District had not secured the new preserve in which it will owe 2022 taxes to be levied. These costs will be off-set by PPRT to be received, which are anticipated to be much greater than what was initially adopted with the appropriation ordinance. Unfortunately, at this time revenues must be decreased as the lingering effects of COVID/H1N1/Monkey Pox still continue to limit outreach programs, the contracted face painter and animal feeding experiences on hold.

Support for the Quad City Convention & Visitors Bureau (Visit Quad Cities)-This resolution changes the amount of funding transferred to Visit Quad Cities from 20% of hotel/motel taxes received to 30%. Typically, industry averages are much higher than even the 30% however this investment is what the Niabi Zoo Fund can withstand to provide at the moment. The District

greatly appreciates Visit Quad Cities partnership and all it does to promote Niabi Zoo and the Quad City tourism community.

Other Business

Mindfire Services Agreement-An agreement for services to coincide with the District's FY 23 from Mindfire Communications, INC is available for your review. The District has utilized Mindfire Communications, INC for several years now to assist staff with social media monitoring and posting as well as annual endeavors like website maintenance, the KEEPQCOUTDOORSY and Opening Day promotion of the campgrounds, boat rental and golf season. Social media, which is the bulk of the agreement costs, is the most cost-effective promotion of the District's mission, facilities and services. The services noted in this agreement are only for General Fund related facilities and services. An annual agreement began last year to streamline billing and since the services noted have been provided for several years. Any services requested outside of this agreement will be billed separately. Niabi Zoo continues to use Mindfire Communications, INC services but sparingly due to its fiscal constraints brought on by the COVID pandemic. Also included is a mid-year report detailing the effectiveness of the District's efforts.

Nevada Lemke, Silvis Administrator, requested to speak to the Forest Preserve Executive Committee about extending the terms of the Silvis TIF District #8. This is an Old Business item.

Forest Preserve District Purchasing Policy-a change to the Downstate Forest Preserve Act allows staff, per the adoption of policy by the Board of Commissioners, to secure goods and services up to \$30,000 without advertisement in a local newspaper publication if possible a minimum of three quotes/bids are secured. This change to the statute went into effect June 1, 2022 and a copy of 70 ILCS 805/8 (b) is enclosed with track changes to the District's Purchasing Policy increasing the limit from \$25,000 to \$30,000.

Reports

The District's Budget Performance Report for the month ending June 30th is available for your review. Please note that property tax distributions began in May, to date the District has received approximately 40% of the tax to be collected for taxes levied in 2021. This is the second year the Treasurer's office has dispersed funds beginning in May. With the additional disbursement in May, it provides a considerably higher percentage received before June 30th. In years prior to May tax distributions, the amount received was closer to only 30-35%. You may notice in the Budget Performance Report that revenues for the year in this line item are still significantly short, note that July and August property taxes received will be back dated to June

30th or applied to FY 22 YTD totals. The July and August distributions are roughly another 15-20% of taxes to be received.

Besides Property Taxes received, nearly all revenues for FY 22 have been received with exception Personal Property Replacement taxes and Hotel/Motel taxes. Generally, most operational fees noted in the Budget Performance Report will not change. However, expenditures and payroll will continue to increase. There are 5 days on the July 15th payday that will need to be split between FY 22 & FY 23. Many of the expenditures that occurred in June will be processed in July when invoices are received and paid out in August. All things considered the District has continued to maintain a very positive financial outlook without sacrificing levels of service.

The Auditor's Reports are available for your review.

Facility Usage throughout the District

June was a very busy month for staff as the cool and wet weather made for a lot of mowing then drier weather put some significant stress on the cool season turf grass alleviating the need to mow. The less frequent rainstorms allowed folks to take advantage of the District's offerings without much interruption. Throughout the District numbers were higher than last years which is a great sign as I personally thought there would be some drop-off from the pandemic boom that golf and the parks experienced. Golf continues to see new and younger players according to staff, Loud Thunder's new campground continues to gain more and more first time Loud Thunder campers and Illiniwek continues to become more and more popular. The lessened COVID restrictions have allowed the zoo to improve its admission figures somewhat getting them closer to pre-COVID. With June 21st being the actual start of the summer, the parks have been a visual delight with the prairie's species in bloom and with such bee species monitoring is occurring. There has been some signs of stress in the tree tops and trails have been closed after the few minor rains, but in general it was a pretty outstand month weather wise for outdoor pursuits and activities. Please take note of the staff reports which go into greater detail of what is transpiring at each preserve.

Zoo & Community Advisory Board

The CAB meeting scheduled for June 20th was canceled to lack of agenda items. The July 18th meeting has been canceled as well. The zoo foundation which consists of mostly CAB members did meet and continue exploring funding opportunities to support Niabi Zoo's masterplan.

One grievance from AFSCME Council 31 requesting a disciplinary action be moved to Step 2 was received by the District for the month of June. A memorandum of understanding was also executed which changed the position of Niabi Zoo Field Office Manager to Niabi Zoo Office Manager, in addition to the position title change, several duties of responsibilities were added and updated as well. The additional duties, some of which were similar to those in other positions of a higher class, resulting in a reclassification of the position to a grade 23. A 1.5% general wage increase went into effect on July 1 per the new terms of the new bargaining agreement with AFSCME employees.

Items of note for the Current Month

- A lot of end of FY 22 business, transfers.
- FY 23 budget review and adjustments due to operational needs and changes, some have resulting in the resolutions brought forth this month.
- Annual inventory and petty cash checks with auditors were conducted.
- Budget preparations for FY 24, staff have completed input and those requests are being reviewed.
- Full-time, non-bargaining unit employees received a 1.5% general wage increase on July 1. A 3% was adopted in the FY 23 appropriations for these employees, however with the Niabi Zoo Fund still not within District policy and the General Fund anticipating several large cash out flows (new parking area at Amôwa west and loan to the zoo for Prairie Dog Exhibit) this fiscal year, this was the most prudent way to move forward.
- No update on the Recreation Trail Program grant project design.
- No update on the Village of Coal Valley watermain project.
- Staff will begin working with IMEG on evaluating the District roads and parking areas in July.
- The July 4th Holiday was a busy one, revenues generated got the District off to a great start. Loud Thunder and Illiniwek received their shipment of shirts and sales, well, have occurred. More items will continue to be added. Generally speaking at least folks say they look nice.
- The third of the 2022 property tax distributions is expected in late July. Most likely about 3% of the total expected distribution to be received.
- Continue to reviewing best practice policies and procedures as recommended by the Illinois Distinguished Agency Accreditation program.
- Completed quarterly Payment Card Industry scan.
- As President of the Illinois Association of Conservation Districts I was able to complete the application for the association to be recognized as a 501c3. The association hopes to leverage this to be eligible for grant applications and solicitation of donations to promote conservation and education. The next quarterly meeting of the IACD is July 26. Byron Forest Preserve will be hosting.

- Hilltop Nursery and Greenhouses donated approximately 30 flats of annuals for beautification of the Loud Thunder Park Office and golf course.
- Unfortunately, Loud Thunder lost one of its two bee hives to most likely a swarm. The honey supper was installed on the sole active hive meaning another harvest is expected in late July if all goes well.
- Rock Island County Fair is the week of July 18th. I will be using some vacation time to assist my kids who participate in the various activities.
- Ranger Petersen and I met with the firm doing the preliminary assessment studies of the I-80 bridge. In addition to the I-80 bridge the firm is reviewing 6 miles of I-80 interstate, of which the 6-mile stretch includes the I-80/I-88/RT 92 cloverleaf situated adjacent to the Amôwa east property. The current cloverleaf has been deemed to not meet federal and state transportation standards. There are several replacement options being considered, several options would require the acquisition of approximately 12 acres of the newly acquired Amôwa east property in order to bring the cloverleaf into current transportation standards. The 12 acres needed to be acquired would mainly be along Hubbard Road and should the cloverleaf be expanded, the reroute of Hubbard Road would most likely occur on those 12 acres. This is all very preliminary at the moment and more in-depth information can be found at www.i80mississippibridge.com
- Next meeting of the Forest Preserve Executive Committee is tentatively scheduled for August 9th at 3:30 PM, at Loud Thunder Forest Preserve in Illinois City Illinois. The District's budget meeting will precede the Executive Committee meeting at 3:00 PM.
- Warm & Dry weather hopefully!
