ROCK ISLAND COUNTY FOREST PRESERVE COMMISSION

AUGUST 20, 2024 – 6:38PM

PRESIDENT KAI SWANSON - PRESIDING

President Swanson stated, "I ask the Members to please stay here, our speaker has come quite a distance to be with us and get her on the road as quickly as possible, I sure appreciate and I am sure she would too. I will call the Forest Preserve Commission Meeting to order. And, I ask Mr. Nelson, to please call the roll."

1. Jim Nelson, Assistant to the County Administrator called the roll: (Record)

D. Adams, R. Brunk, L. Burns, E. Dewith, C. Enburg, T. Foster, C. Layer, P. McNeil, D. Mielke, L. Moreno, M. Moreno-Baker, R. Morthland, B. Perkins, R. Simmer, E. Sowards, K. Swanson, B. Vyncke, J. R. Westpfahl, J. Woods

Mr. Nelson stated, "We have a quorum."

2. President Swanson stated, "Thank you very much. At this time, friends, I have the pleasure of introducing to you Lorraine Foelske from the Illinois Nature Preserve Commission. And, Lorraine is a graduate of Augustana College and had the pleasure of working with, and now she is doing great things all over the State of Illinois. Lorraine, the floor is yours."

Ms. Foelske stated, "Thank you. So, I work for the Illinois Nature Preserves Commission. I cover nine counties in the state....there are 10 of us, so we each cover between 9 and 15 counties. Before I was hired in October, Angel Moorehouse had the position and you might remember her. I believe she presented to the Board in 2022. She was covering before someone could fill that position. Well, here I am now. So, what I would like to talk about is Indian Bluff hill prairie. So, this site is located near the golf course...the Indian Bluff Golf Course. So, if you are coming up the main road, there is a hill to your left side, that is considered a hill prairie, a remnant hill prairie. it is largely well-preserved and it really has a target on its' back for a good reason by conservationists because of its rare qualities and diverse salvage of plants. So far, there is 144 species that have been recorded. It's got small acreage, about four acres and counting. And then with those species, there is also the same danger of Downey Painted cup...and there is quite a bit of species there. That land has been tracked for I believe...let's see...yeah, around 2000 it started being recorded annually. So, I will briefly go through this hand-out...so, in the first paragraph here I will explain why it's important. So, there is only .08 acres; which is actually large for a hill prairie...a grade A hill prairie. In our field of work, we grade on hill prairies. Grade A is the

best, then Grade B and C and I think it goes down to E; which is like a mowed field. There is very little bad to say since this is quite a gem here. Like I said, it's been a target for quite a few decades. I guess back in the 1970's, if they are not getting golf course crews they are annually burned in the brush clearing; which is what we do today to the hill prairies. But, because of that...it's really intact and it's in good shape. And, as I mentioned, State employees were keeping track of that endangered species; which in (inaudible) try to use today. And, in 2011 and 2012, there was some funding from a Federal Grant that allowed us to clear the species that we didn't want there, such as invasive or exotic species. In (Jalla) I haven't been working much with Jeff since I just started doing Jallas. I've been working with him and explaining the role that nature preserves can have and assist the Park District. And what I am here today for is, to talking about the possibility of dedicating this hill prairie as an official Nature Preserve. Currently, there are over 400 Nature Preserves in the State and all sorts and types of ownership from a private land owner or park districts to forest preserve districts...you name it, non-profits. So, this isn't something that's....um, you need to...in Rock Island Forest Preserve District. I live in Bureau County, and I work with Princeton Park District...they own a Nature Preserve and so, I help them out with that site. So, ownership is retained by the land owner. The Park would stay with the Forest Preserve District. What happens is, the owner gives up the right to develop on the land or do something that would endanger the prairie like this rare plant. And you give up that right in exchange for assistance from the Nature Preserves Commission. So, it's a permanent easement we help with financial assistance and technical assistance. So, one of the steps we look for in this process...a base-line report is created. That shows what you have there and what is special there. It's like an environmental assessment and that is free of charge to you because that is paid with State funds. And, then the other assistance...I know the Forest Preserve District currently burns there, but you can also get State resources and personnel to help burn. I help burn with many partners and so like me or Jalla can help with that and we can also get financial assistance. So, there are internal grants that we apply for. Sometimes, its seed funding and sometimes it's for bigger projects if there isn't funding for the land owners. So, we can help financially support the property. On the second page, I created a map...you may have already looked at that. So, that road coming down from the South is the entrance into the Golf Course. The orange boundary is what the Forest Preserve District owns, and then the blue hash marks represent...this is just something that Angel and I have come up with...could be the most current Nature Preserve. And if you look at the aerial, so, the west side of that boundary is the Hill Prairie and that's the highest quality part of the site. But, to include a buffer and to just for ease of surveying purposes, we notched it out and included that boundary of the Forest Preserve District. One more thing that forward land owners need to think about if we go through with the land dedication is, what your reserve rights are...so, what rights do you want to retain? Just from what I gathered right now, we would want to retain that gravel loop. So, there is a loop out there and I think there is a picnic table...um, you want to make sure you are able to maintain that drive and there is a gravel parking pad

and also a boat area to access the Hill Prairie. So, those are probably the only things that you'll want to retain the right to continue to do in this Nature Preserve. Let's see...I believe that might be all. There are some details here on what exactly is an Illinois Nature Preserve System that you can look at on your own. I will take any questions."

President Swanson stated, "As my colleagues are preparing their questions, I did have one...I know of one other Hill Prairie in Rock Island County at the Collinson site."

Ms. Foelske answered, "Yes."

President Swanson stated, "Are there...I know we have only a tiny fraction of the original Native Prairie in Illinois, but I understand that this is an even infinitesimal (inaudible), there is very little remaining Hill Prairie in the Prairie State. Do you know about how much?"

Ms. Foelske answered, "Yes. I wish I knew that acreage because it is like very small. Yes, I don't know that but Hill Prairies are so small that they can easily be swallowed up if the land is burned and cleared...yeah, they are very vulnerable."

President Swanson asked, "Let's see if any of my colleagues have any questions here. Dr. Simmer let me get you...(turned his mic on) there you go."

Commissioner Simmer was recognized.

Mr. Simmer asked, "Just really quick about woodland clearancy, you have to keep trees out of these things, correct?"

Ms. Foelske answered, "Yes."

Mr. Simmer stated, "Because the trees are all around and they are always trying to appropriate themselves and so..."

Ms. Foelske answered, "Exactly."

Mr. Simmer asked, "Now, when they are looking to do more of this, are they actually going to clear more of this timber possibly?"

Ms. Foelske answered, "Yes, probably. And so, the focus is on Hill Prairie, but the buffer...that forest area, it will also be cleared out a bit as I am sure there are a lot of invasive species there..."

Mr. Simmer stated, "Oh, sure."

Ms. Foelske added, "...that are feeding the prairie. So, if we can clear some of that out, it will make things a lot easier."

Mr. Simmer asked, "These are plants that are in the ground until they are burned to give it a chance to take off and grow or is it something we have to put in there? Because I know there are a lot of seeds in the ground that just lay there, but the less you give those the opportunity to grow..."

Ms. Foelske added, "Sure...sure... We wouldn't be adding any more seed, we would just be releasing some of those....opening up some of those areas to let the seeds that lay there grow."

President Swanson added, "And if I could, I want to shed some light on this. It would be clearing some of the forest on that Eastern side, getting rid of invasive species, but that buffer...uh, if it is a more natural woodland, would help to protect the Hill Prairie where it is. It's not about pushing that prairie restoration further to the East."

Ms. Foelske stated, "Yeah, that's right. And, if you think about the topography where it slopes...so, the Hill Prairie is on this side and faces West; which is common. They either face the West or the South. They are drier sides and was likely burned more often. So, the Hill Prairie is on the West side and the mowed spot is on top and then as you dip down, it's forested. So, right...we would be enhancing the forest. We wouldn't be converting that to prairie because it's likely been forested for many years."

Mr. Simmer asked, "How is a Hill Prairie different from a regular flat prairie?"

Ms. Foelske answered, "Good question. So, Hill Prairies are regulated to be a part of a forest system. So, they are smaller. They are little pocket and on steep slopes."

President Swanson stated, "So, if I remember correctly, they are also home to certain species that won't grow any other kind of prairie like the one at Collinson had Hills Thistle; which is a very specific kind of plant...if I recall correctly, it doesn't grow in any other prairies only in a Hill crest."

Ms. Foelske answered, "Yeah, that's probably right because when I think of where I have Hill Thistle on my sites...there and there is one at Hill Prairie in Marshall County."

President Swanson stated, "Okay."

Ms. Foelske stated, "So, yeah..."

(Overlapping between Ms. Foelske, President Swanson and Mr. Simmer inaudible)

President Swanson asked, "Are there any other questions for Ms. Foelske? Well, we are not able to take any action on this, this evening, but this was very helpful and I assume staff will be preparing something for the Commission to consider in the future months. But, I think we are very grateful for participation with your partnership and I hope we can move forward."

Ms. Foelske answered, "Thank you."

President Swanson asked, "Are there any other questions for Ms. Foelske? Alright, well hopefully, we'll get you home before it gets too dark. It was very nice to see you."

Ms. Foelske replied, "Yes. It was nice to see you too."

3. Commissioner L. Moreno moved to approve the July 16th, 2024, Commission Minutes, as presented. Commissioner Vyncke seconded.

A voice vote was taken.

Motion carried.

4. **PUBLIC COMMENTS - (NONE)** (Three calls were made.)

5. **PRESIDENTS COMMENTS:**

President Swanson stated, "Just briefly under president's comments, the Parks are very busy...the weather has been wonderful and we are starting to get to the slower part of the season. Of course, staffing gets constricted as the schools are start opening up. If you have not yet gone to NiabiZoo.com, you have time to get your tickets for PINTS for Preservation; which is September 13th...lucky Friday the 13th. I really hope you do so, or if you would be interested in volunteering, our Commissioner, Edna Sowards, is always been a stellar volunteer, but she's much in demand these days and so, I understand she is not going to be able to. If you would like to volunteer for the zoo, they would be very happy to see you there. I will note one other thing...it was released on Friday, figures from Governor Pritzker on tourism investment in the State. And, I have some good news for you. They grinded down and direct spending by visitors to Rock Island County last year was \$326.9 million dollars. That's from outside the county, coming into the county. And, that's more than a 7% increase over the previous year. And, the reason we get those figures is, that this Commission has the stewardship of Hotel/Motel Taxes from the two hotels at the Quad City Airport property. And so, we donate...we contribute a portion of those revenues to Visit Quad Cities. So, in a way, we are promoting tourism...like I said, we brought in over \$327 million dollars to our

community. Two other President's Comments and you will see more of this later in the Reports from Directors and Department Heads, but last month...Ben Mills and his team at Loud Thunder had a \$30,000 month, at Loud Thunder. I am saying that to salute you, as Commissioners. Some years ago, I had to make a judgement call on investing and getting after deferred maintenance at Loud Thunder, we did...we made that investment. We predicted there would be an uptick in revenues due to RV Camping and overseeing that so, thank you for your foresight. Just as important, we also have a corroborated sighting of a very rare Bee at...guess where? AMÔWA; which was named for Bees. And it was part of your decision to acquire that land in the public trust as an aid for pollinators...and, I am gonna butcher it...Protandrena Bancrofti is a mining bee and its only located at four other places in North America. And now that's here in Rock Island County because you all had the foresight to create a Forest Preserve and create a habitat for little suckers like that. I thank you for the foresight and keep up the good work."

Commissioner Adams asked, "Did you miss the Item for the purchase of a..."

President Swanson stated, "I do apologize, Mr. Adams...I meant to inform the Commission, that due to circumstances beyond our control, we are removing that from the Agenda for this month. And, of course, that is a form of necessary equipment, and so, we will likely be seeing something like that coming back in the future. But, thank you for bringing that to my attention."

Comments from Commissioners: (ONE)

President Swanson stated, "Are there any Comments from Commissioners? Hopefully, you are out enjoying our public lands. Mr. Vyncke."

Commissioner Vyncke was recognized.

Mr. Vyncke stated, "Thank you. I was just gonna...as a former camper and future long-term camper...I wanted to congratulate Loud Thunder for their wonderful

facilities out there and the great month that they had. I would like to hope in the future a chance for some full-service campground upgrades at the facilities out at the Illiniwek Park. I know I have talked to Mr. Craver about that before. This is just something to plan and see. If you go up the river out there...there are very few, if any campgrounds, full-service campgrounds out there, including the Corps of Engineers facility; which is our neighboring facility and as a camper...I know not everybody uses those facilities...I don't know why. But, as far as our own camping facilities...when they have full hook-ups, believe me...I love to use my own bathroom, as opposed to a public bathroom. Although, I am not objecting against the bathrooms as I know at those facilities, they are very well kept. So, I appreciate that, but I just wanted to say a little piece on that. Thank you."

President Swanson answered, "Mr. Vyncke, I appreciate that very much. Thank you. Are there any other questions or comments? Alright."

Avg \$/Round	\$32.46	\$30.84	\$30.17	\$28.73

August was a very good month for Indian Bluff GC. This was the 7th summer in a row that August brought us a great month. Revenue wise, this was one of the best months we have had. We had two days with heat indices over 110 degree. Even taking all of that into account, we had a month that far surpassed the previous August's. Rounds, revenues across the board were all up. Not much to say other than another great month. It sounds like a broken record the last few years.

Indian Bluff hosted several golf outings in August. We hosted Mr Eds Bar, Knoxville Tap, Moline High School Football, SAME RI Post, and the National Guard. High school golf also started in August, Alleman has a bigger golf team than expected this season, and has also hosted about twice as me golf matches than the normal amount. League play has begun to wrap up as summer comes to a close and we move into fall. Most of the leagues have finished their season as of this writing.

As we move into September Indian Bluff has the following golf outings scheduled:

- Plumbers and Pipefitter Local 25 two day Event
- Moline Baseball Fundraiser

Along with these outings, we have a couple of league outings scheduled as well. So still several good events going on in the month of September. Overall I am not sure what to expect for revenue in the month, several good events are still to come, yet most league play is finished but so far, we have not seen a major drop off in weekday play that would normally be expected. Weather looks fairly good as we head towards mid September, hopefully that will keep the golfers coming out.

As we end the summer months at the golf course, the 2024 summer had more record breaking months for Indian Bluff. In fact, it was likely our strongest summer ever. Golf is continuing to show growth since the pandemic. As of this writing, Indian Bluff has already brought in more revenue in the 2024 season, than would have been expected for the entire season before the pandemic. At this point of the season revenue for the year is running close to \$50,000 ahead of the 2023 season. Overall we have hosted fewer golf outings this season than in the past, however, most of those unfilled outing dates brought in more play and revenue than we would have expected with the golf outings.

Report to Forest Preserve Committee

Name of Park Illiniwek

For the Month of August 2024

Grounds Maintenance — Staff has been mowing on a regular schedule along with weed eating. Staff mowed the 4 acre field at Amowa west to prepare for spraying and prairie planting this fall. Staff also has been mowing with the forestry mulcher at Amowa east. We have been concentrating on removing honeysuckle and autumn olive in the field around the existing prairie planting. When finished we plan to plant this area into prairie.

Staff sprayed Dorrance for weeds around the buildings, ball diamonds fencing, and parking lots. Staff used the broom attachment to sweep the flood deposited silt and other debris off the boat ramp parking lot. Apex striping painted a center line on the main camp road to eliminate people driving on the wrong side of the road. No parking was painted on the road at the dump station from parking on wrong side of road to dump there tanks. Campers parking this way was causing traffic bottle necks. Directional arrows were painted at the secondary camp roads to eliminate confusion with campers when trying to back into there RV sites. Staff weed eated along the main camp entrance road and cleaned the main road off from debris and gravel to improve looks for the Labor Day weekend.

Building Maintenance — Staff replaced the v-belt on the south shower roof exhaust fan. Staff also painted the exterior of the south shower building.

Equipment repairs and/or projects performed— New mower blades were installed on all mowers and the 50 hour maintenance was performed on all mowers. New anti-scalping wheels were put on both 1570 mowers. The 997 zero turn mower went in for repairs. The main computer for injector #1 was replaced. One of the 1570 mowers needed an oxygen sensor replaced.

Trails/Course/General facility conditions— The GRT and forest trails at Amowa, Dorrance, and Illiniwek are in great shape. Staff sprayed the weeds and other encroaching vegetation on the section of the GRT under interstate 80.

Vandalism report- No vandalism

Incidents— No incidents

Accidents reports— No accidents to report this month.

Weather conditions— Average

Activities/Events/Outings held at park— No Events

Items to be bid by Purchasing— No items to bid

Misc. — Protandrena Bancrofti has been found at Amowa. It is a very rare bee and the state of Illinois is trying to put on the state endangered species list. Three birds orchid was found at Amowa east. The bike pump for the bike maintenance station was finally shipped and staff installed which finished the bike maintenance station rest area. Staff finished assembling the aluminum bridge that will cross the campground creek. Installation of bridge will occur sometime this fall.

Report to Forest Preserve Committee

Name of Park __Loud Thunder __

For the Month of _August 2024__

Grounds Maintenance performed--

- Picked up trash on grounds, removed trash from trash receptacles
- Cleaned pit toilets as needed
- Cleaned burn rings
- Cleared trees and storm damage on trails
- Mowed all campgrounds and maintained areas
- String trimmed preserve grounds
- Performed trail maintenance and preparation for new bridge installation this fall

Building Maintenance projects performed--

- Cleaned maintenance shop
- Cleaned shelters and shower buildings weekly
- Cleaned shower buildings daily
- Replaced light bulbs as needed in maintenance shop

Equipment repairs and/or project performed--

- Performed pre and post operation checks daily on equipment to be used.
- Performed oil and filter changes on three JD Gators, and two JD 997 zero turn mowers
- Pressure washed mowers weekly
- Pressure washed and cleaned Gators daily after use

Trails/Course/General facility conditions--The park as a whole is looking great. Trails were open to horses and bikes when conditions allowed. Weeds are continuing to grow so staff is working diligently to weed eat them and spray herbicide where needed.

Vandalism report— I have no vandalism to report for the month of August 2024.

Incidents--I have no incidents to report for the month of August 2024.

Accidents reports--I have no accidents to report for the month of August 2024.

Weather conditions—The month of August was extremely hot. We did have one rain event where we received several inches of rain but other than that, conditions were dry and hot for the month.

Activities/Events/Outings held at park— We hosted a wedding at the shelters during the month of July, and Nahant Marsh held a guided hike on one of the days during Labor Day weekend.

August was another great month here at Loud Thunder. Our camping revenues were significantly higher than they were this time last year and patrons seem to be really enjoying the preserve. My seasonal staff are mostly back in school now and the Lake George Boat Rental is closed for the season. Staff spent a lot of time out on the trails removing deadfall trees and prepping for the new bridge that we will be building this fall with the HCCTP group.

Caleb Cox completed his eagle scout project and donated 5 fish habitat structures to the preserve. David Wyffles is currently looking into whether or not we need to apply for permits to install these in the lake or not. If we need to have them permitted we will be applying for this and then we will be putting the habitat in the lake this fall.

Forest Preserve District

Rock Island County

Our mission: is to maintain and acquire lands with the intent to restore and conserve such lands for the purpose of preservation, education, and recreation for its residents with fiscal responsibility.

Members of the Rock Island County Forest Preserve District Executive Committee, please accept this report to the Committee for the month of August 2024.

Notes from the prior Forest Preserve Executive Committee Meeting

Nothing to report at this time.

Issues or Items noted on the agenda for the month of September

District Finances

The monthly claims & Treasurer's Disbursements for the month are included in the packet and should be per usual for this time of the year. There were several flagged claims by the Auditor's Office and all but one has been rectified by staff at this time for no receipt to accompany the purchase.

FY 24 Transfers of Appropriations

Several Transfers of Appropriations were needed in the General Fund and Zoo Fund for FY 24 in order to fill fiscal year 24 GL negative balances.

FY 25 Transfers of Appropriations

Several Transfers of Appropriations were required for the current fiscal year for an unforeseen expense at Illiniwek. The air conditioning unit had to be replaced. Then transfers within the Zoo Fund were for a broken train axle and to pay for a new canopy on the carousel along with some new poles as well as fence repairs due to the snow damage and tree damage from the past year's storms.

Resolutions

There are only three resolutions to consider this month.

The resolution pertaining to the General Fund FY 25 appropriation amendments is required as the receipt of Personal Property Replacement Tax expected is approximately \$166,490 less than anticipated. To offset this loss in revenue within the General Fund, several revenue general ledgers items are being increased and some expenditure general ledger items are being decreased based on current trends within those areas.

The resolution pertaining to the Niabi Zoo Improvements ARPA Grant Appropriations is required as additional claims for the big cathouse and eagle exhibit renovations have come due. The offsetting cost in the expenditures was sent to Rock Island County for processing. There is

\$329,336.70 in ARPA funds left to claim and the current balance due for all repairs and upgrades with the big cathouse, eagle, rhino roof and snow damage repairs is \$1,569,622.

The resolution pertaining to the Liability Fund was required as additional funds were required in the FY 24 appropriations within the Liability Fund. An unemployment claim for the second quarter was received and \$8,540.08 was required beyond the existing appropriations to pay the claim due

Ordinances

There are no ordinances to consider this month.

Other Business

Review and consider the purchase of a Wiedenmann Terra Spike GXi8 (aerator unit) for Indian Bluff Golf Course. This item was a FY 25 budgeted item. The bid opening is on September 10th and the results of that bid and recommendation will be provided at the Forest Preserve Executive Committee Meeting on September 10th at 3:30 PM.

Reports

There are two Budget Performance Reports, one for FY 24 and one for FY 25. FY 24 appears to be another outstanding year considering all the challenges that staff encountered throughout the fiscal year. There was construction projects throughout, weather events like the snow storm that hit the zoo and flooding that affected Illiniwek, retirements, shortages in the temporary workforce, introduction of the paid leave act, increasing the temporary workforce salaries to just name a few from memory. The numbers presented to you should be fairly close to the numbers that will be presented to you by the Sikich, the District's external auditors, in December. The FY 25 budget performance report should reflect an outstanding start within the General Fund as revenues for Loud Thunder increased in August nearly 25% and nearly 50% in July from last year and golf fees are up approximately 7% from last year. The Zoo Fund continues to struggle this year as many exhibits remain closed due to the construction and the train breaking an axle in the month of August didn't help matters. A new axle and spare was ordered, the lead time for the was 8-10 weeks. Some of the transfers presented this month are covering these and other repairs.

The Treasurer's and Auditor's Reports are available for your review. Fund balances, with the exception of the Zoo Fund, and cash balances remain strong at this time throughout the District. There is one inner-fund loan outstanding within the DFCI Fund from the General Fund in the amount of \$83,000. That loan should be repaid at the end of September with the next tax distribution.

Facility Usage throughout the District

August was another excellent month with average seasonal temperatures and a few super-hot days and some rain events, but weekends were mainly dry. The limited rain events provided ample chances for folks to take advantage of the District's services. Staff's monthly reports go into greater detail of use and user satisfaction. As always, besides staff reports you can always see what is happening through the different Facebook pages of each facility throughout the District.

Niabi Zoo Foundation

The Niabi Zoo Foundation will be meeting September 9th 5:45 PM.

Pints for Preservation is scheduled for September 13th at Niabi Zoo from 6-10:00 PM. Ticket information can be found at www.niabizoo.com

The zoo will continue to be closed on Mondays for the remainder of the 2024 operational season. The zoo closes October 27th, which is also the weekend of Boo at the Zoo.

Union

No grievances were received by the District from the Union in the month of August.

Items of note for the Current Month

- Preparing items for the District's outside auditing firm, Sikich.
- Working on the final draft of the update to the District's Comprehensive Park Plan.
- Reviewing a proposal from Mindfire to lift up the uncommon and rare species finds at Amôwa that will translate into awareness and mission driven engagement.
- Work continues on the repair of the Big Cat Enclosure and Eagle Exhibit. Staff expect these projects to be completed in late October or early November. Work on the carousel and perimeter fence will commence in the upcoming months as well.
- Working on sponsorships for the 2025 IACD conference.
- The fifth distribution of 2024 property tax distributions is expected the week of September 23rd.
- Amôwa and Loud Thunder Forest Preserve received funding from the Rock Island County Conservation Consortium for additional invasive species removal at Amôwa Forest Preserve and another bridge replacement to the trail system at Loud Thunder Forest Preserve. Matching funds for these grants will come from the Larry Toppert and Loud Thunder Endowment. A contractor will be utilized for the invasive species removal and staff along with the Black Hawk College HCCTP class will construct and install the bridge either this fall or in the spring of 2025.

- Continue to reviewing best practice policies and procedures as recommended by the Illinois Distinguished Agency Accreditation program.
- Staff will be harvesting the last honey harvest of the season at sometime before the end of the month.
- Next meeting of the Forest Preserve Executive Committee is October 11th is tentatively scheduled at 9:30 AM, in the Rock Island County Building.
- Comfortably warm & dry weather hopefully! I hate to see summer transition into fall but if you are a hay fever sufferer like me an early frost wouldn't break my heart.
